APPLICATION AND ADMISSION INFORMATION

Five Easy Steps for New Students

STEP 1: ADMISSION

Individuals who have never attended San Joaquin Delta College and those students who have not attended for more than one semester must apply online for admission to the College before enrolling in classes. Online applications may be completed in the Electronic Enrollment Services Lab, located in Goleman, Room 128 on the Stockton Campus; the Tracy Center, 1895 W. Lowell Avenue, Tracy, or by accessing the Delta College Web site at www.deltacollege.edu. finaid.deltacollege.edu.

STUDENT EMAIL ACCOUNTS

Within 24 hours after processing your Application for Admission, a student e-mail address is assigned to each new student. All correspondence from Admissions & Records and Financial Aid, as well as other important campus information, is e-mailed to students at their Delta College e-mail address.

To find your student e-mail address, please:

- Log into "Online Registration" from the Delta College homepage. Your log on is your social security number, or Delta ID number and your password is your date of birth entered as *mmddyy*.

If you get a message that says, "We were unable to validate your login OR it has been too long since your last interaction," that means your Application for Admission has not yet been processed. For questions concerning your Application for Admission, please contact admissions@deltacollege.edu or call the application Help Desk at 954-5725.

- Under the "Welcome" information, your new student e-mail address appears. It will be the first initial of your first name followed by your last name and three randomly assigned numbers. This is followed by "@students.deltacollege.edu." For example, John Smith might be assigned the following address: jsmith321@students.deltacollege.edu.

You can access your student e-mail account from the Delta College homepage by selecting "Check Mail." Your *login* name for student e-mail is the information in front of the @ sign. For example, John Smith's *login* name would be "jsmith321." Your password is your date of birth entered as *mmddyy*.

- To protect the confidentiality of your student records, it is highly recommended that you establish a Personal Identification Number (PIN) when you log into Online Registration. The PIN you establish will change your password for logging into Online Registration AND student e-mail.

When you establish a PIN for Online Registration, the new PIN works immediately. However, for student e-mail, it will be active the next day after you've created it.

For assistance with log in problems, please contact emailhelp@deltacollege.edu.

STEP 2: ACADEMIC ASSESSMENT/PLACEMENT

The purpose of academic assessment at San Joaquin Delta College is to ensure that each student's educational experience at Delta College is productive and rewarding. Delta recognizes that a student's time is valuable and that it is important for each student to enroll in courses for which he or she is prepared. Assessments are offered during the day and evening before classes start and throughout the term. A student cannot fail the assessment. The assessment measures a student's skills in reading, English, and mathematics (applications and computation). The results will help with placement in courses appropriate to each student's academic levels.

ACE (Assessment-Counseling Express) includes a mini orientation (90 minutes) at the end of each scheduled assessment. This session provides important information on the results of the assessment, registration processes, the schedule of classes, and other key resources. Counselors will also share information on Step 3, Orientation and Course Planning. It is anticipated that in January, 2007, an electronic version of the ACE will be available for students who would prefer the computer based assessment/orientation option. For more information, contact the Assessment Center or Guidance Office.

WHO NEEDS ACADEMIC ASSESSMENT?

All students enrolling for the first time are required to be academically assessed. Some returning students may need to participate in the assessment process to meet specific course and/or program prerequisites (See, "WHO IS EXEMPT FROM ASSESSMENT?"). Students usually choose from one of two programs: (1) The Assessment/Placement (A/P) program is designed for English as a first language students and for ESL students with a high school diploma from the USA. (2) The English as a Second Language (ESL) program is designed for ESL students who do not have a high school diploma from the USA. Both the A/P and ESL programs are approximately 3 hours in length and consist of a skills test and orientation. The A/P and ESL assessments may be taken once only; however, sections of the test may be retaken. For assessment dates/times, contact the Academic Assessment Center or Admissions Office. (See page 8 for reading, English, and ESL course placements.)

WHO IS EXEMPT FROM ASSESSMENT?

There are a number of ways to qualify for an exemption from assessment. Please note, however, that some courses and/or programs may have specific skill prerequisites where exemptions do not apply and assessment is required.

A student may be exempted from assessment if he/she has:

- Earned a college degree from a regionally accredited college or university in the USA — *indicate on application for admission and provide copy of degree or official transcript to Admissions Office.*
- Completed intermediate algebra AND college-level English composition at another regionally accredited college or university in the USA with a grade of "C" or better — *provide official transcript to the Admissions Office.*

- Decided to enroll in Level I basic skills course(s) in reading, English, and mathematics only.
- Decided to exercise a "one course waiver" in a course with prerequisite, "none." A student may subsequently enroll in one course per term, provided that the previous course to which the waiver applies was passed with a grade of "C" or better.
- Has an alternative assessment from other colleges that are provided to the Assessment Center, Goleman 122.

RETAKES AND THE APPEALS PROCESS

A student who thinks the A/P or ESL assessment did not measure his or her skill levels correctly may request a retake. Please contact the Academic Assessment Center, Goleman Rm 122, for information regarding the retake. Further appeals may be made through the Admissions and Records Office, Holt 101.

For further assessment information, contact the Academic Assessment Center, (209) 954-5535, Goleman Rm 122 or visit the assessment web site www.deltacollege.edu/dept/assess.

STEP 3: ORIENTATION AND COURSE PLANNING

All new students are encouraged to enroll in a .5 unit orientation class. Guidance 11 is a one day, 8 hour orientation class which provides new students with critical information on certificate, degree and transfer requirements. The instructor/counselor will also assist students in the development of a first semester course list. Additional information on key resources, including Financial Aid, is also provided. Information on available sections is shared at the ACE sessions (Step 2), the counseling web site (www.deltacollege.edu/dept/guidance) or by calling (209) 954-5650. It is anticipated that an online Guidance 11 session. Please consult the Guidance section of this schedule of classes.

For continuing students, counselors are available to provide full Student Education Plans. The Guidance and Counseling Office is open Monday, Thursday and Friday from 8 a.m. to 5 p.m.; Tuesday and Wednesday from 8 a.m. to 7 p.m.

STEP 4: FINANCIAL ASSISTANCE

Inquire about eligibility for a fee waiver and financial aid in Holt 101, or complete the Board of Governors Enrollment Fee Waiver Application. Application materials and program information can be found on the financial aid web site—finaid.deltacollege.edu.

STEP 5: REGISTRATION

Registration means enrolling in courses. An online application for admission and assessment testing, if necessary, must be completed prior to registration. A student may register for classes on or after his or her scheduled appointment time, but not before. See the registration calendar for registration information, dates and times. Registration may be done via the STAR system (209) 476-7997 or online at www.deltacollege.edu.

FINANCIAL AID — Help for College Costs

Financial aid is designed to help meet direct educational expenses including tuition, books, supplies, transportation, and related living costs, and is available to eligible students in the form of grants, student loans, and employment programs. Dollar amounts for individual aid programs vary from a minimum of \$200 to a \$4,050 maximum. Eligible students are usually awarded a financial aid "package," which includes funding from a combination of aid programs.

Applications for the 2006-2007 academic year are available until June 15, 2007. Applications for 2007-2008 academic year are available in early January with a March 2, 2007, priority deadline; however, students may apply at any time during the academic year. Applications are processed in the order received, and funds are awarded on a first-come, first-serve basis.

HOW TO APPLY:

Each financial aid program has varying eligibility criteria and varying dollar awards. Students must:

1. Pick up an application packet in the Admissions, Records and Financial Aid Office, Holt 101. Each packet will include applications and information for completing a student financial aid file.
2. Complete the Free Application for Federal Student Aid (FAFSA) and mail it in the envelope attached to the application, or file an online application at www.fafsa.ed.gov. Financial aid application workshops are offered in the e-Services Lab, located in Goleman 128. For workshop dates and times please check the Delta College Web site. California residents may also apply for the Cal Grant Program. In addition to the FAFSA, Cal Grant applicants must complete an additional form by March 2. However, there is a "2nd Chance" Cal Grant deadline of September 2.
3. Complete and return all other documents to Delta College's Financial Aid Office, Holt 101.

Please Note: The process for determining eligibility can take an average of two to four weeks. The sooner a student applies, the sooner qualification can be determined.

SCHOLARSHIPS

Scholarships are awarded each year to students by local donors. Transfer and non-transfer students are eligible to apply from January through March 2nd for awards made in late June. Selection criteria vary, but may include financial need, academic achievement, or personal qualifications.

ENROLLMENT FEE ASSISTANCE: BOGW FEE WAIVER

The State of California has provided an assistance program to waive the enrollment fee for low income students. Students who are California residents may qualify for a fee waiver through the Board Financial Assistance Program by one of the following three methods:

METHOD A: If the student receives ONE of the following forms of public assistance:

• TANF RECIPIENTS

TANF Warrant or check issued in the student's name (or the parent's name) for the same month in which the student files

this application or one month before - OR

Agency Certification - Untaxed Income Form. May be obtained from the Financial Aid and Veterans Services Office and must be completed by the Human Services Agency.

• SSI RECIPIENTS

MEDS Card (Medical Eligibility Data System) or copy of the SSI check. Request from the Medi-Cal Unit of Human Services.

DECEASED/DISABLED VETERAN'S DEPENDENTS OR NATIONAL GUARD DEPENDENTS may also qualify for a fee waiver: Certification is provided by the California Department of Veterans Affairs or Student's County Veterans Service Office—OR Fee Waiver certification provided by the California National Guard Adjutant General's Office.

METHOD B: A BOG Fee Waiver (BOGW) Method B may be awarded to low-income students. Qualification is based upon the student's (or parent's) income and household size. Colleges may ask the student to provide documentation of income, such as a copy of the 2005 U.S. Income Tax Return. Students are required to provide documentation if it is requested.

METHOD C: A BOG Fee Waiver (BOGW) Method C may be awarded to financial aid applicants who are California residents and who have applied and show financial need through the processed FAFSA application.

For fee waiver applications, please contact the Financial Aid Office in Holt 101, or download an application from the Financial Aid website: finaid.deltacollege.edu.

LOANS

The Federal Family Education Loan Program offers educational loans from local banks and lending institutions ranging up to \$2,625 for dependent, first-year students and \$3,500 for dependent, second-year students. Independent students may borrow up to \$4,000 per year. These loans must be repaid with interest. Program participants must maintain continued eligibility and must remain enrolled in at least six units throughout the fall and spring semesters. Students dropping below half time will automatically be placed in a repayment status.

To apply for a federal loan, students must first file a completed FAFSA. After the FAFSA application has been completed and verified, applicants must then sign up for a scheduled Entrance Counseling Session. There the student will receive further information, including a list of banks and lending institutions and application materials.

How do I register for an Internet course?

Enroll as you would for other classes. Once registration closes, follow the New Add Procedure noted on Page 2. Your enrollment will be granted based on space availability and meeting the course prerequisite(s).

If I'm on the waiting list, how do I enroll in the class?

Students on the waiting list for Internet courses should e-mail the instructor using their Delta College student e-mail address to request enrollment in the course. Include your name, Delta I.D. number, course code, and confirm that you would like to be moved from the wait list to full enrollment. You'll be moved from the wait list to full enrollment on a space available basis. E-mails missing the required information cannot be processed. A response will be sent to your Delta College e-mail account.

To find your student e-mail address, refer to page 5 under Step 1: Admissions/Student E-mail Accounts.

How do I find an instructor's e-mail address?

Instructor e-mail addresses are generally assigned in the following manner—the initial of the instructor's first name followed by the last name @deltacollege.edu. For example, John Smith's e-mail address would be jsmith@deltacollege.edu. You may also contact the College operator at 954-5151.

How do I add if the class and the wait list are full?

Students who are not on the waiting list but are interested in adding an Internet course should e-mail the instructor using their Delta College student e-mail address to request access to the class wait list. Include your name, Delta I.D. number, and course code. A response will be sent to your Delta College e-mail address.

Once access is granted, log into Online Registration and place yourself on the wait list using the new Add Procedure noted on Page 2.

Should I do anything before class(es) start?

- Yes! Check the "Online Classes" information and:
- Review the Technical Requirements for Internet Courses.
 - Familiarize yourself with the Sample Class information.

- Carefully review Frequently Asked Questions.
- Get class materials, including the textbook, in preparation for your first login.
- Identify the platform on which your class is taught.

*Oftentimes the course outline and specific log in instructions are included with the textbook.

How do I identify the platform on which my class is taught?

Internet classes are taught from several different platforms. To identify the platform for your Internet class, you must log into "Online Classes" from the Delta College homepage. Sign on with your Delta College I.D. number and date of birth entered as mmddyy. Each Internet class in which you are enrolled shows the "platform" on which it is taught.

Courses taught on e-College and ETUDES can be accessed by clicking on the course code. Login instructions for courses taught on "other" platforms are provided directly from the instructor. Please note that textbooks for classes taught on "other" platforms must be purchased prior to attempting login because the class materials contain codes required for login.

After registering, how do I know when to log in to my class?

The actual course material will not be available until the first day of class.

What is my login?

Classes taught on e-College or ETUDES platforms are accessed by using your Delta College I.D. number as the login. The password is the date of birth entered as mmddyy unless a PIN has been created. If you have created a PIN through online registration, the PIN is your password. Do not confuse your student e-mail login information with online class login. They serve two separate functions. Classes taught on "other" platforms are accessed by using codes provided in the course textbook and from the instructor.

To find out what your Delta College ID number is:

1. Log on to the registration system as you normally would. You will see that you have the option of using your Delta ID number or your social security number. Use your social security number for the first log in.
2. Enter your password beneath the SSN block. Note that the password is the same for both types of log ins (Delta ID or SSN).
3. Once you have logged on, you will see the normal greeting with your name. Just below this, you will find your Delta ID number.

Please write down your Delta ID number and use it to access your records in the future.

What do I do if I'm having trouble logging on?

Assistance with login problems is provided in several ways. You must first identify the platform upon which your class is taught. Once you identify it, click on the related link for that platform. Specific platform information is listed below:

e-College Platform

You may request help from the Delta Online Helpdesk for technical problems. Questions concerning class assignments, due dates, etc. should be directed to the instructor. Contact information is available from the "Online Classes" link from the college homepage. E-mail the Delta Online Helpdesk at helpdesk@deltaonline.org or phone (303) 873-0005.

ETUDES and ETUDES NG Platforms

You may request help from the ETUDES Online Helpdesk for technical problems. Questions concerning class assignments, due dates, etc. should be directed to the instructor. Contact information is available from the "Online Classes" link from the college homepage. Follow this link to the help desk website: <http://otrs.deltacollege.edu/otrs/customer/pl> or phone (209) 954-5840.

Publisher Platform(s)

You must first purchase the textbook. Part of your login information is contained in the class materials. Without that information, you will not be able to login. Then you must check your student e-mail. Your instructor will provide login information at your student e-mail address. If you are still having problems logging in after you have read the instructor's e-mail and purchased the textbook, you must contact your instructor via e-mail.

Do I have to login the first day of class?

It is highly recommended that you log in on the first day of class.

Will my Internet instructor contact me?

Some Internet instructors contact their students via e-mail. Some do not. If you have not heard from your instructor by the first week of class, you should login and begin working. If you are having any problems, contact your instructor by e-mail for assistance.

PRIORITY REGISTRATION SYSTEM

The objective of priority registration is to give preference to students based on the variables listed below. The priority system gives a "weighted count" to each student. This is calculated automatically at the time a student is assigned a registration appointment.

Priority registration appointments are based on the following factors:

<p>1. Number of Delta AA-Appropriate Units Completed:</p> <p style="margin-left: 40px;">00 - 15 = +1 16 - 30 = +2 31 - 45 = +4 46 - 60 = +6 61 - 75 = +8 76 - 90 = +5 91 - 100 = +3 101 - 110 = +1 More than 110 Units Completed = 0</p>
<p>2. Highest Degree Earned or Eligible for: Lower Priority will be assigned to students who have received a BA/BS or higher degree at any accredited institution: BA/BS Degree = -1</p>
<p>3. Declared Goal: Priority for declaration of an AA/AS, transfer, certificate, or retraining as one of top four educational goals = +1</p>
<p>4. Assessment Requirements Met: Priority for completion of the Matriculation Assessment requirements = +1</p>
<p>5. Cumulative Grade Point Average (GPA): Priority for cumulative Grade Point Average (GPA) of 2.0 or greater over a cumulative GPA below 2.0. Additional priority for a cumulative GPA of 3.0 or greater GPA will be based on AA/AS Degree - applicable courses and priority for GPA will be given only to those students whose GPA is based on 15 or more units: 2.0 to 2.99 of AA/AS units = +1 3.0 or better of AA/AS units = +2</p>
<p>6. Student Education Plan Completed: Preference will be given to students who have filed a Student Education Plan (SEP) = +1</p>
<p>7. Academic Rehabilitation: Priority for completion of the rehabilitation process = +1</p>
<p>8a. Progress Probation: Lower priority if more than 50% of grades are "W", "I", or "NC" in consecutive semesters. Two consecutive semesters = -2 Three consecutive terms = -3</p>
<p>8b. Academic Probation: Lower priority for students who are recorded as being on academic probation = -1</p>
<p>9. Guidance Orientation and Study Skills Classes: Priority will be given to students who complete any of the following guidance/orientation or study skills courses: GUID 8, 11, 14, 19, 85 or English 33A = +1 Priority will be given to students who complete a Guidance 100 course. This priority will be given only for the first semester after the credit has been recorded = +1</p>
<p>10. Registered EOPS Student In Good Standing = +1</p>
<p>11. Identified Veteran or Verified Veteran Dependent = +1</p>

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

UC/CSU General Education Pattern

Completion and certification of the Intersegmental General Education Transfer Curriculum (IGETC) permits students to transfer from San Joaquin Delta College to a campus of either the California State University or the University of California without the need after transfer to take additional lower division general education courses to satisfy the campus' general education requirements. Associate Degree General Education Pattern

The Chancellor's Office for the California Community Colleges deems that the governing board of community colleges shall establish a general education program which symbolizes a successful attempt on the part of the college to lead students through patterns of learning experiences designed to develop certain capabilities and insights.

Among these are the ability to think and to communicate clearly and effectively both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; be aware of other cultures and times; to achieve insight gained through experience in thinking about ethical problems; and to develop the capacity for self-understanding. In addition to these accomplishments, the student shall possess sufficient depth in some field of knowledge to contribute to lifetime interest.

General education is designed to introduce students to the variety of means through which people comprehend the modern world. It reflects the conviction of colleges that those who receive their degrees must possess in common certain basic principles, concepts and methodologies both unique to and shared by the various disciplines. College educated persons must be able to use this knowledge when evaluating and appreciating the physical environment, the culture and the society in which they live.

COLLEGE CREDIT FOR HIGH SCHOOL COURSES

Students who have completed articulated courses in high school may receive college credit at San Joaquin Delta College. The College is committed to comprehensive articulation of instructional programs with both secondary and post secondary education institutions, usually referred to as “2 + 2 + 2” articulation. The “2 + 2” articulation links the high school program, adult school and ROP with San Joaquin Delta Community College programs. These articulated programs lead to an Associate Degree. The “2 + 2 + 2” articulation adds a four-year college or university program leading to a Baccalaureate Degree where appropriate.

The articulation process is a system designed to help students to advance from one course program, or educational level to the next without unnecessary repetition of essentially similar course for which credit has been received.

If you have taken any of the courses listed below, you may wish to exercise your right to obtain college credit by completing the following steps.

- Step 1. Apply for credit within 2 years of high school graduation.
- Step 2. Complete the San Joaquin Delta College Application for Admission located online at www.deltacollege.edu.
- Step 3. Print out and complete the San Joaquin Delta College/Secondary School Application for College Credit, located on the SJDC Admissions page.
- Step 4. Obtain a copy of your high school transcript from your high school reflecting the articulated course you took and the grade you received. Bring the transcript and the completed SJDC/Secondary Application for College Credit to the Admission office in Holt 101.

If you have any questions, please contact the Admissions Office at (209) 954-5728, or the College Articulation Officer at (209) 954-5248.

TRANSFER TO A FOUR-YEAR INSTITUTION

If you are planning to transfer to a four year institution from San Joaquin Delta College, you should consult with a Delta College counselor, a representative of the campus to which you plan to transfer, and refer to the college catalog for that campus in order to obtain the most current information.

Additional information is available on the world wide web. You are encouraged to visit the web sites published in this article.

There are four things to research when planning the courses you will need to transfer:

- 1) Admission requirements for the university you plan to attend.
- 2) General education requirements. Consult with your counselor to select a general education pattern that best meets your transfer goals.
- 3) Major preparation courses which meet pre-requisites for upper division coursework. Consult with your counselor to determine which lower division courses and major preparation courses you should complete at San Joaquin Delta College before you transfer.
- 4) Other requirements that can be completed at the community college, e.g., foreign language, diversity requirement, computer literacy.

ADMISSION REQUIREMENTS

Transfer to a California State University (CSU):

- 1) Admission requirements for students who have completed fewer than 60 transferable units at the time of entry to the CSU:
 - a. have a college grade point average of 2.0 or better in all transferable college units attempted;
 - b. be in good standing at the last college or university attended (eligible to re-enroll);
 - c. meet the admission requirements for a first-time freshman or successfully complete necessary courses to make up the deficiencies;
 - d. meet the eligibility index required of a freshman (you may need SAT or ACT test scores, depending on your grade point average and the requirements for the campus you wish to attend);
 - e. contact the campus you wish to attend to determine whether there are limits on admission as a lower division transfer. Some campuses may require completion of English composition and general education mathematics.
- 2) Admission requirements for students who have completed 60 or more transferable units at the time of entry to the CSU:
 - a. have a college grade point average of 2.0 or better in all transferable college units attempted;
 - b. be in good standing at the last college or university attended (eligible to re-enroll);
 - c. complete 30 semester units of courses equivalent to general education requirements with a grade of C or better. The 30 units must include all of the general education requirements in communication in the English language (English composition, oral communication, and critical thinking) and at least one course in college level mathematics.

For more information visit www.csumentor.edu or obtain printed materials in the Career Transfer Center, Danner 202-203, San Joaquin Delta College.

Transfer to a University of California (UC):

- 1) Admission requirements for students who have completed less than 60 transferable units at the time of entry to the UC:
 - a. meet the admission requirements for a first-time

freshman (A-G subjects, grades, and test requirements) or successfully complete courses to make up any subject deficiencies;

- b. have a college grade point average of 2.0 or better in all transferable college units attempted;
 - c. contact the campus you wish to attend to determine whether there are limits on admission as a lower division transfer.
- 2) Admission requirements for students who have completed 60 transferable units at the time of entry to the UC:
 - a. have a college grade point average of at least a 2.4;
 - b. complete two transferable college courses in English composition, one transferable college course in mathematical concepts and quantitative reasoning, and four transferable college courses chosen from at least two of the following subject areas: arts and humanities, social and behavioral sciences, and physical and biological sciences.

For more information visit www.universityofcalifornia.edu or obtain printed materials in the Career Transfer Center, Danner 202-203, San Joaquin Delta College.

Transfer to a California Independent College or University:

Each of these campuses maintain different admission requirements. To begin exploring and identifying the campus suited to your needs, you should:

- 1) visit www.aicumentor.org. This web site provides more information about California's 77 independent colleges and universities;
- 2) visit www.aiccutransfer.dagsoft.com. This web site for California Community College transfer students and counselors provides important articulation information for many independent colleges and their community college partners;
- 3) visit the campuses you have selected, see for yourself;
- 4) learn how to apply for financial aid in California.

GENERAL EDUCATION REQUIREMENTS

The California State University (CSU) and the University of California (UC) campuses have different general education requirements. Depending on your choice of campus and major, you may be advised to complete minimum general education courses or an entire general education pattern. Consult with a counselor or university representative or university website to determine which GE pattern will satisfy the general education requirements needed at the institution you wish to attend.

MAJOR PREPARATION

Each four-year institution has a specific list of courses required to prepare a student for a major. You should

- 1) meet with a counselor to discuss which courses are appropriate for the major you wish to pursue at a particular school;
- 2) visit the web site www.ASSIST.org to learn more about the preparation for the major at a UC/CSU you would like to attend. Visit the website for the school you would like to attend;
- 3) visit the campus you would like to attend. Talk to an advisor in the department of your major to learn more about the specific preparation that is required. Meet with a representative from that school in the Delta College Transfer Center.

OTHER REQUIREMENTS

You may be able to satisfy additional campus-specific requirements before transferring. Requirements may include

a foreign language, diversity or a literacy. Consult with a counselor to determine if the campus you are planning to attend has any special requirements you can satisfy before transferring.

GENERAL EDUCATION CERTIFICATION

After you have been admitted to a four-year institution that you wish to attend and during your last semester of enrollment at Delta College, request partial or full certification of your general education courses. If you have been following the CSU general education pattern, partial or full certification is available. If you have been following the IGETC general education pattern, only full certification is available. The certification process can help you avoid having to take additional lower division courses for general education after transferring to the four-year institution. The forms to apply for general education certification are available in the Evaluations Office, Holt 101, or in Guidance and Counseling, Danner 205.

GUARANTEED TRANSFER ADMISSION PROGRAMS (TAA, TAG, GATE)

Several Universities provide the student the opportunity to develop a Transfer Admission Agreement (TAA) or a Guaranteed Admission for Transfer Entry (GATE). These agreements, developed in conjunction with your Delta College Counselor, will guarantee your admission to the university for which the agreement is written. With your counselor, you will develop a Student Education Plan (SEP), which will ensure that you are taking the proper courses to become eligible for admission. Your SEP will include the courses necessary to complete your general education and major preparation requirements. If you fulfill your obligation as outlined in the TAA, the Transfer institution will fulfill its obligation, and you will be automatically admitted upon your completion of the formal admissions process. To determine which Colleges and Universities are offering a Guaranteed Transfer Admission Agreement and to develop your TAA, you should see a counselor as soon as possible during your first semester at Delta College. To see a counselor and find out more about the TAA, you may call the Counseling Office for an appointment at (209) 954-5650.

The Central Valley Higher Education Consortium, (CVHEC) has developed a Guaranteed Transfer Admission Agreement in conjunction with UC Merced, CSU-Stanislaus, CSU-Fresno, CSU-Bakersfield, and University of the Pacific designed specifically for San Joaquin Valley Community College Students. As a San Joaquin Delta College student, you are eligible to participate in the CVHEC agreement, and receive guaranteed admission to the above 4-year Colleges and Universities located in the San Joaquin Valley. Consult with a Delta College Counselor at (209) 954-5650 for additional information.

At the time of publication of this schedule, Guaranteed Transfer Admission Agreements were also available with CSU-Sacramento, UC Davis, UC Riverside, UC Santa Barbara, and UC Santa Cruz. Consult with a Counselor (209) 954-5650 for additional information.

ASSOCIATE OF ARTS TRANSFER MAJOR

You may earn an associate of arts degree in liberal arts and sciences by completing the CSU general education pattern or the IGETC CSU general education pattern and completing the following additional requirements: A minimum of sixty (60) transferable units with a 2.0 or higher grade point average, meet the residence requirement of completing the last twelve (12) semester units at Delta College; and attend during the semester of qualification for graduation or complete a total of at least twenty-four (24)

COURSES AND PROGRAMS OFFERED AT DELTA COLLEGE (FOR SPECIFIC REQUIREMENTS, SEE THE COLLEGE CATALOG)

This Schedule of Classes is alphabetically arranged under Code Letters. When you locate a subject on this index in which you are interested, note the Code Letters in the next column. Then turn to the Code Letters in the body of the Schedule. Example: You will find Accounting in the BUS (Business) section.

Work Experience Program

Delta College recognizes the value of learning experiences that enhance formal college studies. A student may earn (elective) units towards an A.A. and/or A.S. degree for on-the-job employment experience if they are also enrolled in a course directly related to their employment. Students must be enrolled in at least seven units of course work including Work Experience units. Students enrolling in summer intersession must be enrolled in one course directly related to their employment (no minimum unit requirement).

Cooperative Work Experience Education is supervised employment, extending classroom based occupational learning to on-the-job experience. The student may qualify by using either the Parallel or the Alternate Plan.

1. **Parallel Plan:** Specifically designed for students who are working and attending classes during the same semester. Up to 4 units of Work Experience credit may be earned per semester. The combined total number of units a student may take in internship and work experience may not exceed a maximum of 16 units.
2. **Alternate Plan:** Specifically designed for students who attend classes full time one semester (12 or more units) and work full time the next semester. Up to 8 units of Work Experience credit may be earned per semester. The combined total number of units a student may take in internship and work experience may not exceed a maximum of 16 units.

Students must be enrolled in the Work Experience program before the census date for full term classes for each semester. The class code numbers are available only from the Internship/Work Experience office. For more information, contact the **Internship/Work Experience office, Holt 140, or phone (209) 954-5269.**

Semester long parking permits may be purchased in the Bookstore located in Danner Hall. Please note that ID number is required when purchasing a semester permit at the Bookstore.

Enforcement Hours. Parking permits are required 24-hours a day Monday through Thursday and Friday until 6 p.m. Parking is free on Friday after 6 p.m. and on Saturday and Sunday. All other vehicle codes are enforced 24 hours each day.

Notice: This is a contract. This contract limits Delta College's liability. Parking permits entitle the holder to the rental of space only. No bailment is created. San Joaquin Delta College District is not responsible for loss of, or damage to, the vehicle or any of its contents.

Free Parking Lots. The Board of Trustees has authorized free parking in parking lots B2 and B3. These lots are located in the southwest corner of the campus. Spaces in these lots are available on a "first-come, first-served" basis. If no space is available in either of these two lots, other lots where permits are required must be used to park on campus. The fact that the "free lots" are full will not constitute a valid excuse for parking without a permit elsewhere on campus. Parking in lots B2 or B3 only waives the requirement to display a valid parking permit. All other traffic and parking regulations are enforced in these lots.

Parking for Students with Disabilities

Students who require handicapped parking will need to purchase a College Parking Permit from the Bookstore and apply for disabled person plates or placards at the Department of Motor Vehicles office 710 N. American Street. **Only vehicles with state issued "DP" plates or placards will be allowed to park in handicapped parking slots. All other vehicles will be cited. City ordinance requires a \$275 fine for such violations.** These vehicles are subject to the same parking fees/permit regulations as all other vehicles. Please see section on "Parking Fees" for more information.

DMV applications include a physician's certification. A service fee of \$6 will be charged for placards. For further information, contact your local DMV office. A campus map with the location and number of handicapped parking spaces is also available from the DSPS office, Cunningham 120 (209) 954-5330.

Policies

Attendance Regulation

Regular attendance in class and laboratory sessions is an obligation assumed by every student at the time of registration.

Regular attendance is necessary for satisfactory academic progress. Any student who fails to attend a class during the first three sessions of the class at the beginning of a term may be dropped unless the student has advised and obtained an absence approval from the instructor.

An instructor may dismiss a student from class when absences become excessive. See the Student Handbook for procedures concerning attendance irregularities.

Course Numbering

- 1-69** Baccalaureate courses, which are transferable to California State University (CSU) and the University of California (UC) are noted at the end of the catalog statement.
- 70-99** Non-baccalaureate courses may count for community college credit. Some courses do not count toward the associate degree and have the statement: "Units earned in this course do not count toward the associate degree."
- 100-199** Non-credit courses do not require Assessment/Placement testing. The student does not earn grades and no credit, and pays no fees.
- A or T** Apprenticeship and Trade Extension courses are preceded by the letter A or T and department designation. See apprenticeship/trade extension coordinator for registration information.
- CAN** California Articulation Number System is a state-wide system designed to identify the transferable, lower division courses commonly taught at the community college.

Grade Options

Every course in the College is placed, by the division/department offering it in one of the following grade categories:

- 0 Letter grade only
- 1 Credit/No credit
- 2 Letter grade only; No incomplete allowed
- 3 Letter grade or Credit/No credit
- 4 [NO GRADE] - Ungraded
- 5 Letter grade or Credit/No credit for out-of-term class
- 6 Letter grade only for out-of-term class
- 7 Credit/No credit for out-of-term class
- 8 Letter grade only; No incomplete allowed for out-of-term class

Waiting Lists

Waiting lists are maintained for all full classes. The student must be eligible for the class before being placed on the waiting list. This means that the student must have met the class prerequisites and not be enrolled in a class which conflicts in time with the one that is being requested. To be placed on the waiting list for a full class, the student must attempt to enroll in the class during registration. The student will be permitted the option of being assigned to a "waiting list" seat. Students cannot be placed on multiple waiting lists for the same course.

The instructor admits students to the class based upon their position on the waiting list unless an administrative hold prevents it. The student must also attend class meetings and be present if the instructor accepts additional students from the waiting list. If a student is not present, the instructor admits the next student on the waiting list. If there are no students on the waiting list or all waiting list students have been admitted, then the instructor may admit other students who attend the first class meeting.

Open Entry/Open Exit

Open Entry/Open Exit simply means that students may enroll in classes throughout the semester and choose from more flexible time frames.

Advantages of OE/OE Courses:

- Work at one's own pace
- Set one's own schedule
- Work in a less stressful setting
- Complete more than one course a semester
- Individualized help available

For students who are motivated, able to follow instructions, and are trying to juggle multiple responsibilities, these courses provide the opportunity for college credit in a more flexible format. For examples, please refer to BIM 80 or CS 95 series courses.

San Joaquin Delta Community College

Student Right-to-Know Rates for Fall 2002 Cohort

Completion Rate: 39.3 %

Transfer Rate: 22.8 %

In compliance with the Student-Right-to-Know and Campus Security Act of 1990(Public Law 101-542), it is the policy of our college district to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 2002, a cohort of certificate-, degree-, and transfer-seeking first-time, full-time students were tracked over a three-year period. Their completion and transfer rates are listed above. These rates do not represent the success rates of the entire student population at the College nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, a Completer is a student who attained a certificate or degree or became 'transfer prepared' during a three year period, from Fall 2002 to Spring 2005. Students who have completed 56 transferable units with a GPA of 2.0 or better are considered 'transfer-prepared'. Students who transferred to another post-secondary institution, prior to attaining a degree, certificate, or becoming 'transfer-prepared' during a five semester period, from Spring 2003 to Spring 2005, are transfer students.

CAMPUS SECURITY

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is the landmark federal law originally known as the Campus Security Act that requires colleges and universities across the United States to disclose information about crime on and around their campuses. Because the law is tied to participation in federal student financial aid programs it applies to most institutions of higher education both public and private. It is enforced by the U.S. Department of Education. To view this information, visit the Delta College Campus Police web site at: deltacollege.org/dept/police/statistics.html or contact Campus Police at (209) 954-5000.
