

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

University of California (UC) Version

This certificate is designed for the student who intends to transfer to the University of California (UC) System and chooses to complete IGETC to satisfy lower division general education requirements. Completion and certification of the Intersegmental General Education Transfer Curriculum (IGETC) permits students to transfer from San Joaquin Delta College to a campus of the University of California without the need to take additional courses after transfer to satisfy the lower division general education requirements.

The University of California has an American Institutions (AI) requirement that is separate from IGETC requirements. Courses indicated by *** will satisfy the AI requirement but may not also satisfy the area in which it is listed. An additional course must be completed to satisfy the general education requirement for that area. See ** below for additional instructions on completing the AI requirement.

Students must file an application for IGETC certification with evaluators in the Admissions and Records Office immediately upon completion of IGETC coursework.

Selection of courses from this list may be affected by one or more factors, including choice of major, university transfer requirements, or prerequisite or sequencing requirements. Failure to plan appropriately will adversely affect timely graduation and/or transfer. Students are encouraged to consult with a counselor to develop a Student Education Plan. Counseling appointments may be scheduled online by selecting "Counseling" under "Student Resources" on the Delta College homepage (www.deltacollege.edu), or by calling the Guidance and Counseling Office at (209) 954-5650.

Effective - Fall 2009

Courses listed in multiple areas shall not be certified in more than one area except for courses in Language other than English, which can be certified in both Area 3 and Area 6.

*Indicates laboratory course.

***Students using the IGETC pattern for transfer to a UC campus may have satisfied the American Institutions requirement through high school course work. Satisfactory completion in high school of a one-year course in U.S. History, or a half-year course in American Government, satisfies this requirement at all UC campuses except UC Santa Barbara, which requires a college level course. UCLA requires that the student must have earned a "B" average in these high school courses. Students who did not satisfy the AI requirement through high school course work may do so by taking any course indicated by *** on the IGETC. Students must take an additional course in the same IGETC area as the AI requirement to satisfy the area general education requirement. It is highly recommended that you consult a Counselor to ensure successful transfer.

***Courses which satisfy the American Institutions Requirement. These courses may not also be used to satisfy the IGETC area. +Transfer credit may be limited by U.C. Students should consult a counselor or visit www.assist.org for additional information.

++Math 038A, 038B, and 039 combined: maximum credit, 5 units.

^CHEM 003B and 012A combined: maximum credit, one course.
