Subject: Region V Merced Update

228

Hi Ann,

Thank you for sharing the update for UC Merced:

Transfer Application News:

We received over 800 transfer applications and expect to notify the majority by the third week in April.

New majors have been announced since our last meeting. You may have read about it in the ASSIST Transfer Channel Newsletter. If not, here is what you missed:

UC Merced faculty have approved the following new majors: **Economics, History, Literature and Political Science**. All four are available to transfers beginning fall 2007. Applicants received a notice in January, informing them of the process to change their major if desired. Students can select one of the new majors by sending us a completed "Request to Change Major" form. The form is available online at our web site: admissions.ucmerced.edu.

UC Merced will continue to accept late applications for fall 2007 until further notice.

Late applicants interested in the new majors are advised to indicate the **major code 7535** "Undeclared in the School of Social Sciences, Humanities and Arts" on their application forms. They can later send the completed online form via fax or U.S. Postal Service.

Our new Articulation Liaison will be on board for the CIAC meeting in April. Our faculty has provided us with curriculum updates for majors in Management and Bioengineering majors at UC Merced. These and other updates will be entered to ASSIST and published soon if all goes well.

Questions? Don't hesitate to give me a call - PLEASE USE OUR NEW PREFIX - 228
