

San Joaquin Delta College

Handbook for

High School Articulation

March 2001

Introduction

“How To” Handbooks

“San Joaquin Delta College is committed to comprehensive articulation of courses. Secondary articulation agreements link San Joaquin Delta College programs with programs at local accredited secondary schools, adult schools, and regional occupational programs. Articulation helps students advance from one course, program or educational level to the next without repetition of the same or essentially similar course content.” (SJDC Policy 6290)

The *How To Articulate a Course with Delta College* and the *How to Claim Articulation Credit* handbooks have been prepared to assist the reader in identifying and preparing a secondary, adult school or ROP course for articulation with San Joaquin Delta College and to assist students in claiming articulation credit. The handbooks include step-by-step procedures that are accompanied by points to consider as well as by helpful hints. Attachments are placed in the tabbed section immediately following each handbook.

Please note that the steps outlined in the *How To* handbooks reflect the policies and procedures in place as of the current academic year. If you have any questions about the process, please contact the Delta College Articulation Office at (209) 954-5493 or check our website at <http://www.deltacollege.org/dept/articulation/index.html>.

Thank you for your interest in and support of the articulation process.

Jack Saunders, MFT
Articulation Instructor
jsaunders@sjdccd.cc.ca.us

**How to
Articulate a Course
with
San Joaquin Delta College**

I. Preparation

A. Identifying the Course

1. Identify the high school course you would like to articulate with a Delta College course.

_____ *Official name and number of course as it will appear on the student's transcript*

2. Identify the Delta College course and number for which you are seeking articulation.

_____ *Official name and number of course as it appears in the most current Delta College catalog*

Considerations:

- Is this course a prerequisite for Delta College courses?
- Is this course a part of degree or certificate program at Delta?
- Does the catalog description of the course match that of the course you wish to articulate?
- Are the school credits equivalent to number of college units?

Example: 10 credits per year = 3 units

 **Helpful Hint:** Use the Delta College website to find the current catalog, division pages, *Schedule of Classes*, and phone numbers. The address is <http://www.deltacollege.org/>

B. The Initial Contact

If you haven't already done so, it is recommended that you speak informally to the Delta College instructor(s) who teaches the course for which you seek articulation. Your discussion will provide you an opportunity to talk about your course and the college course.

Name of Delta College instructor _____

Phone number _____ e-mail address _____

 **Helpful Hint:** To identify the course instructor, you may contact the division chair who can direct you to the discipline curriculum committee chair and/or the course instructor(s). Each division has one or more discipline curriculum committees that review articulation agreements requests. Check the Delta College website at <http://www.deltacollege.org/>

Attachments: see Appendix A: SJDC Program List; Appendix B: Instructional Division Chair List; Appendix C: Discipline Curriculum Chair List.

II. Completing the Process

A. The Forms

You will complete two forms:

1. "Request for Articulation with San Joaquin Delta College"
2. "Secondary Articulation Agreement Delta College"

Helpful Hint:

On the "Request for Articulation with San Joaquin Delta College," it is very important to provide the exact course name and number of the Delta College course with which you wish to articulate.

Be sure to fill in the following:

- Semester and year that the agreement will begin and end,
- Exact title of the school course as it will appear on the student's transcript,
- Exact name and number of the Delta College course.

Note: Delta College will affix the required minimum grade

Attachments: see Appendix D: Form 6296, Request for Articulation with San Joaquin Delta College (blank form) and Appendix E: Form 6297, Secondary Articulation Agreement Delta College (blank form and example).

B. Mailing the Forms and Materials

Mail the completed forms and course outline along with other supporting documents to:

Jack Sanders, MFT
Articulation Instructor
San Joaquin Delta College
5151 Pacific Avenue
Stockton, CA 95207

Considerations:

- Did you attach the course outline?
- Did you include the name, author, and edition of the textbook(s) and copies of the Table of Contents from each book?
- Did you include examples of exams, including the final exam, writing assignments, or other documents such as portfolios that would assist the reviewer?

C. Delta College Review

1. The Discipline Curriculum Committee will review your material and make a decision to approve or deny the application.
2. The Committee will review course equivalency standards that may include course goals and objectives, number of units, hours of instruction, textbooks, evaluation and grading.
3. The review process may take a month or longer.

D. The Signed Agreement

1. If approved, you will receive a signed agreement. A copy of the signed agreement also is mailed to the principal.
2. A signed agreement is for three years as indicated on the agreement unless there is a change in either course. For changes, see page 8.
3. If denied, you will receive a letter with an explanation of why the course was denied. You may resubmit your application if you revise your course.

Helpful Hint: Agreements are for three years. In the third year, you will receive information from the Delta College Articulation Office about the procedures for updating the articulation agreement. Be prepared for the pending review by ensuring that your outlines and materials are ready to submit.

Articulation Checklist

Have you.....

- Identified the course to be articulated by the official name and number?
- Identified the Delta College course for which articulation is requested?
- Talked with the Delta College instructor about your plans?
- Completed the “Request for Articulation ” form?
- Completed the “Articulation Agreement” form?
- Included copies of the course outline, table of contents of the textbook, final exam, other exams, writing assignments and other relevant course materials?
- Mailed the forms and materials to the Delta College Articulation Office?

III. Maintaining the Agreement

A. Storage

Two copies of signed articulation agreements are sent to the school. It is recommended that one set of all signed active articulation agreements be filed in one location that is accessible to teachers and counselors.

B. Revisions

1. Minor technical revisions

If there are minor revisions such as course name or number changes, please annotate a copy of the signed agreement in red ink along with the date the change is effective and send to the Delta College Articulation Office. If you are unsure if your revision qualifies as minor or major, contact the articulation instructor or the instructor of record for the course you are renewing.

2. Major revisions

For revisions of the course content, please send copies of the revised outline to the Delta College Articulation Office attached to a copy of the signed agreement along with the date that the revision is effective.

3. Delta College course revisions

All revisions of Delta College courses will be noted on the Delta College copy of the signed agreement. Schools will be notified if a Delta College revision is major and will affect the existing agreement.

C. Three-year review

All signed articulation agreements are for a period of three years. The Delta College Articulation Office will send out directions for the three-year revision. Please follow the directions as indicated when you receive the notice.

**How to
Claim Articulation Credit
with
San Joaquin Delta College**

I. STUDENT PREPARATION

A. Prior to Taking an Articulated Course

1. Students should be aware of the courses that are articulated with Delta College.
 - a. Is the list of articulated courses accessible to all students?
 - b. Does a process exist at the school to inform students about articulation?
2. Students should understand how the course may be of value in reaching their educational goals.
 - a. A student may obtain college credit for the course that is reflected on the Delta transcript.
 - b. If the course is part of a certificate program, a student will already have completed one requirement.
 - c. The course may be prerequisite for a Delta course that the student may now take.
3. Students should be aware of the requirements to claim articulation credit prior to taking the course. (see II. Claiming Articulation Credit)

Considerations:

Is information about articulation included in the counseling and advisement process? Students who may not consider themselves college bound, may be surprised at how an articulated course may apply as college credit.

Attachments: see Appendix F: Current List of Articulated Courses

B. Completion of the Course

1. The student must complete the articulated high school course(s) at the letter grade indicated on the articulation agreement.
2. Agreements generally stipulate a “B” grade or better as the minimum, but some agreements may indicate “C” or “A” grade.

II. CLAIMING ARTICULATION CREDIT

A. Obtaining the Required Forms

The Delta College “Application for Admission” and the San Joaquin Delta College “Application for College Credit” forms are required.

★ **Helpful Hint:** Duplicate copies of the SJDC “Application for College Credit” and distribute to students prior to taking the articulated course. Make sure that students also receive the Delta College “Application for Admission”. You may obtain admissions applications from the Delta College Admissions and Records Office.

Attachments: see Appendix G: Form 6298, San JoaquinDelta College Application for College Credit; Appendix H: Certificate Programs.

B. Completing the Required Forms

1. Delta College “Application for Admission”
 - a. If the student already has completed and filed an application for admission, it is not necessary to reapply.
 - b. Articulation credit cannot be entered without the completed “Application for Admission” and, therefore, the form should be filed **prior** to submission of the “Application for College Credit”.
2. San Joaquin Delta College “Application for College Credit”.
 - a. The student must fill in **all** requested information.
 - b. A student may experience a delay in the process by not providing the correct social security number or filling in the correct title of the course for which articulation is requested.
 - c. The student **must** attach a copy of his or her transcript.

C. Filing the Forms

1. File the Delta College “Application for Admission” anytime prior to submitting the San Joaquin Delta College “Application for College Credit”. The “Application for Admission” may be filed by mail, in person to the Admissions Office, Holt 101, or filed online via the Delta College website at <http://www.deltacollege.org/>
2. File the San Joaquin Delta College “Application for College Credit” with transcript by mail to:

Articulation Office
San Joaquin Delta College
5151 Pacific Avenue
Stockton, CA 95207
Attn: Jack Saunders

Or file in person: Monday through Thursday 9am–6pm and Friday, 8am–5pm. Closed each day 1–2pm.

Application with transcript accepted at:

Office of Instruction
Administration Building, Room 201
San Joaquin Delta College
5151 Pacific Avenue
Stockton, CA 95207

Ask for Sue Anderson, Articulation Secretary

Considerations:

While it appears to be easier to file by mail, the student application may be delayed if the application is incomplete or the transcript is not included or does not reflect the required course completion. ***Students who file by mail must include the return address and a current phone number.*** Filing in person often means that a student may resolve questions immediately or speak to the Articulation Officer if necessary.

Appendix E: Secondary Articulation Agreement San Joaquin Delta Community College

San Joaquin Delta College is committed to comprehensive articulation of instructional curricula with secondary institutions, usually referred to as 2 + 2 articulation. This process of articulation links high school programs, adult school programs, and various regional occupational programs (ROP) with comparable San Joaquin Delta College curricula. The focus of this agreement is to allow students to advance from a course to the next course without unnecessary repetition of a similar course for which credit has been earned.

It is agreed that the courses identified below are comparable and will be accepted for credit by San Joaquin Delta College as identified in this agreement. This agreement will remain valid for the following three academic years: [] to []
(as long as there is no change to course content by either of the parties involved).

Appendix F: College Credit For High School Courses

Students who have completed articulated courses in high school may receive college credit at San Joaquin Delta College. The College is committed to comprehensive articulation of instructional programs with both secondary and postsecondary educational institutions, usually referred to as “2 + 2 + 2” articulation. The “2 + 2” articulation links the high school program, adult school and ROP with San Joaquin Delta Community College programs. These articulated programs lead to an Associate Degree. The “2 + 2 + 2” articulation adds a four-year college or university program leading to a Baccalaureate Degree where appropriate.

The articulation process is a system designed to help students to advance from one course, program, or educational level to the next without unnecessary repetition of essentially similar courses for which credit has been received.

If you have taken any of the courses on the following list, you may wish to exercise your right to obtain college credit by contacting the principal at your high school to request a “San Joaquin Delta College/Secondary School Application for College Credit” (Procedure 6298) before or at the time of registration.

If you have any questions, please contact the Articulation Officer at (209) 954-5046.

Amended 10-29-96
Amended 3-16-99

Appendix H: Certificate Programs

Agriculture Technology

Agriculture Business
Agriculture Business/Animal Science
Agriculture Business/Plant Science
Agriculture Mechanics
Natural Resources Management
Ornamental Horticulture Landscape
Ornamental Horticulture Nursery
Ornamental Horticulture: Turf Grass

Allied Health Services

Emergency Medical Technician (EMT)
Mobile Intensive Care Nursing (MICN)
Nurse Assistant
Psychiatric Technician
Radiologic Technology
Resident Care Home Administration
Vocational Nursing

Automotive Technology

Auto Body Repair
Auto Electric Technology
Automotive Master Technician
Automotive Master Technician: Apprenticeship
Auto Mechanics Technology
Dealer Technician
Diesel
Diesel: Automotive
Small Engine Repair Technology

Biological & Physical Sciences

Electron Microscopy: Biological
Electron Microscopy: Crystalline

Business and Computer Science

Accounting
Administrative Assistant
Bank Customer Service Representative
Banking and Finance
Bookkeeping
Computer Operations
Computer Programming
Computer Science
Computer Science: Microcomputer Specialist

Eligibility Worker
Human Services Worker
Human Services Worker: Family Abuse Specialist
Human Services Worker: Gerontology Specialist
Human Services Worker: Substance Abuse Specialist

Trades & Industrial Technology

Electrical Technology
Electronics Technology
Heating & Air Conditioning
Industrial Technology
Industrial Technology: Electrical Apprenticeship
Industrial Technology: Maintenance Apprenticeship
Industrial Technology: Mechanical Apprenticeship
Industrial Technology: Operation Apprenticeship
Machine Shop Technology
Printing Technology
Refrigeration
Welding Technology

Appendix I: Checklist for Students Steps to Seeking Articulation Credit

- Do I wish to obtain college credit for the articulated course?
- If I am no longer in high school, has it been two years or less since my high school graduation?
- Have I filed the “Application for Admission” to San Joaquin Delta College Admissions Office?
- Have I completed the Delta College form “Application for College Credit”?
- Have I attached a copy of my transcript to the application for credit?
- Have I filed the “Application for College Credit in person or by mail?
- If I filed by mail, did I include a return address and phone number?

Note: check each box as you complete the step.
