

# Envision Your Library

Remodeling Suggestions Survey

07-2006 through 06-2007

07/24/06

**Attention:**

**The Library staff would like your ideas!  
Please help us "brainstorm" a vision of a new library.**

We are planning a remodel of this building which will take place in a couple of years. The inside of the building will be "guttled," and we can start from scratch!

We want to have a new library that will serve YOU best. Please be as creative or as practical as you would like, and give us any ideas you have about:

- The atmosphere of the library
- The physical plant (lighting, sound, computer access, facilities you would like to see or like now)
- The services we could (or do) offer, both here and remotely
- The resources we provide
- The materials and collections we have
- Anything else regarding the library, other libraries or bookstores that you like or dislike

Thank you for your ideas. Please use the back to continue, if you wish.

*food service, clean furniture, area for sleeping, more computers with internet connection (usually during the semester people have to wait)*

---

---

---

---

Please return this to the box near the Reference Desk or the box near the Circulation Desk.

Thank you for your ideas. Please use the back to continue, if you wish.

24-hour disco service, free pizza, ice-cream  
Sunday's, improved bookkeeping...

Updated magazine offerings, improved lighting

Please return this to the box near the Reference Desk or the box near the Circulation Desk.

- Anything else regarding the library, other libraries or bookstores that you like or dislike

Thank you for your ideas. Please use the back to continue, if you wish.

I think you should build open the library so it can become a three story. The third floor can have a cafe with book inside. The third floor can be used for poetry night and small gatherings with friends drinking coffee.

Please return this to the box near the Reference Desk or the box near the Circulation Desk.

Picked up 06/09/06

You should have a culture day  
where students bring their ideas to the  
table, bring fun activities and art  
pertaining to their culture,  
have live music, with prize  
give away to the best represented  
culture. THANKS peace
