SECTION IV — PROGRAMS, SERVICES AND ACTIVITIES

Academic Assessment Center**Goleman 122 - (209) 954-5535**

The purpose of academic assessment at San Joaquin Delta College is to ensure that your educational experience with us is productive and rewarding. We recognize that your time is valuable, and that is why it is important that you get involved in courses for which you are prepared. By measuring your current academic skills, the assessment evaluation will direct you to courses that will allow you to fulfill your goals and ambitions. Students who have taken the assessment but have misplaced their scores, or students who have alternative test scores from other institutions which they would like evaluated for assessment purposes should contact the Assessment Center.

Academic Teams**American Society of Mechanical Engineers (ASME)****National Student Design Competition***Applied Science & Technology Division (E/TECH 045)*

San Joaquin Delta College students design and fabricate a mechanical device to compete with other colleges and universities. The description of the task to be performed is published each year and ASME student members world-wide work at designing and fabricating their devices. Regional (California, Nevada, and Hawaii) and national competitions are held at selected university campuses. Prize money is awarded, including \$3000 to the first-place team at the national event. For more information visit the ASME website; <http://www.asme.org/students/Competitions/designcontest/index.html>. Students should have an interest in mechanical design and fabrication, and be an ASME member.

Delta Engineering / Engineering Technology Day*Applied Science & Technology Division*

This annual event is hosted by the San Joaquin Delta College Engineering Department on the fourth Wednesday in January. Students taking drafting classes at high schools and middle schools in the SJDC District are invited to participate. The day includes drafting competitions for beginning and advanced drafting students. Students also bring mechanical and architectural drafting and design projects they have been working on since early in the school year, which are judged for drafting and design accuracy. Students also attend a career orientation presentation. Awards are presented to students in nine categories. Participating students must be attending middle school or high school in the District.

Delta Vocational Industrial Clubs of America (VICA)*Applied Science & Technology Division*

Delta VICA Club offers Regional, State, National, and International competition for vocational students taking vocational programs. Students compete in vocational areas such as: diesel equipment mechanics, drafting, air conditioning, machining, automotive mechanics, and many others. Students must be taking a course that relates to the area that they will compete in during the school year. They must also join Skills-USA at both the national and state levels.

Engineering, Math & Science Challenge*Applied Science & Technology Division*

The goal for this competition is to excite young people about potential career areas in Engineering, Math and Science. This is accomplished by providing them with the opportunity to have “fun” working on a variety of on-site projects and/or problems related to the engineering design, math, life science, and physical science. Students from area high schools form teams consisting of 3 or 4 members. The teams are given 4 challenges, one in each of the areas mentioned above, and are given 3 hours to work on these problems. Gold, Silver and Bronze medals are awarded to each team member placing First, Second, and Third in each of the categories. Gold, Silver and Bronze medals are also awarded for the best overall performances. High School participants receive plaques for First, Second and Third place in the drafting competition. “Engineering, Math, Science

Challenge” is held annually during “Engineers’ Week” in February. This activity receives financial support from local professional engineers, Delta College and the San Joaquin County Office of Education.

Journalism and Mass Communications*Fine Arts and Communication Division*

Students in the journalism/mass communication program at San Joaquin Delta College participate in conferences and competitions hosted twice a year by the Journalism Association of Community Colleges. The Northern California regional conference takes place each fall semester during October. The annual statewide conference takes place in April during spring semester. The competition includes all phases of newspaper production: reporting, editing, layout, photography and sports.

Livestock Judging Team*Applied Science & Technology Division*

The San Joaquin Delta College Livestock Judging Team is a nationally competitive and highly respected educational event. The college team members regularly receive university scholarships and employment opportunities. Team members learn livestock selection principles that are relevant to breeding and market animal selection. Students learn communication and decision making skills that contribute to educational and social development. The Livestock Judging Team attends 15 state and national competitions each year.

Livestock Show Team*Applied Science & Technology Division*

The San Joaquin Delta College Livestock Show Team is designed to enhance animal husbandry skills associated with the marketing of livestock. Delta College students learn to select, feed, fit/groom and present beef cattle, sheep and swine in a competitive market. Students participate in livestock shows and expositions at several California sites including the Cow Palace in San Francisco and the Tulare Livestock Exposition. Team members gain valuable experience to develop skills needed in an educational and commercial environment.

Society of Automotive Engineers (SAE) Mini Baja Competition*Applied Science & Technology Division (E-Tech 70)*

San Joaquin Delta College students design and fabricate a single-seat off-road racing vehicle to compete with over one hundred other colleges and universities. The competition includes producing a series of documents (design, cost analysis, safety), a sales presentation, and four racing events. The racing includes a hill climb, drag race, off-road obstacle course, and a four-hour endurance race. More information can be found at the SAE website: www.sae.org/students/minibaja.htm or the Kansas State University website: athena.mne.ksu.edu/orgs/sae/west2001.htm. Students should have an interest in mechanical design and fabrication, be enrolled in E-Tech 70, be a SAE member, and must be willing to work in a group setting.

Speech & Debate Team*Fine Arts and Communication Arts Division*

Students who join the Speech/Debate Team at San Joaquin Delta College participate in supervised intercollegiate speech and debate tournaments, workshops, and speaking assignments. Students are encouraged to develop their individual talents and abilities in speaking and interpreting literature which they accomplish through practice, competition and analysis of judges’ critiques. Moreover, students develop a sense of team spirit and pride as they represent Delta College.

SECTION IV — PROGRAMS, SERVICES AND ACTIVITIES

The Final Draft, Student Literary Magazine*English Language Arts Division*

Delta College students are encouraged to submit original poetry, short fiction, essays, or artwork in various media during the first two months of the fall and spring semesters. Students should take submissions to Holt 201, the Reading/Writing Learning Center, and complete a Release Form. Students will be notified of acceptance in writing by The Final Draft staff, composed of Writing Lab tutors and volunteers. The magazine is published near the end of the fall and spring semesters each year; a reading of The Final Draft literary works is also scheduled near the end of each semester. To serve on The Final Draft editorial and production staff, please inquire in the Reading/Writing Learning Center, Holt 201.

Athletics - Intercollegiate**Baseball**

Delta College competes in the very competitive Big 8 Conference. Newly renovated with synthetic FIELD turf, Nick Cecchetti Field is one of the best facilities in Northern California. Delta College was also the home of current Cincinnati Reds Pitcher Eddie Guardado and Minnesota Twins Jason Bartlett.

Basketball (Men)

Brian Katz has been the Men's Head Basketball Coach at Delta for the past 14 years. During that time, the Mustangs have amassed a record of 321-132 including 2 appearances in the Elite Eight, and 3 in the Sweet Sixteen, 1 in the Final Four, and 6 Conference Championships. More importantly, Coach Katz has had 108 players come through the program. 102 of them have advanced to four-year institutions (62 on scholarships). 23 of those players have gone on to the Division level. His players have advanced to such schools as Washington State, University of Oklahoma Gonzaga, Drake, Idaho State Oregon State, University of the Pacific, U.C. Davis, UC Santa Barbara, and San Jose State University.

Coach Katz received a Bachelor's Degree in English from California State University Sacramento in 1980. After teaching and coaching at the high school level for seven years, he left Center High School for Santa Clara University in 1987. While serving as an assistant basketball coach, Katz earned a Master's Degree from Santa Clara University in Counseling Psychology. From 1989-1993, he was the Men's Basketball Coach and Physical Education instructor at Lassen College. Katz came to Delta in 1993.

Basketball (Women's)

The Lady Mustangs have been a program to contend with since their 1997 Bay Valley Conference title - the first ever at Delta College! The Lady Mustangs are coming off another championship year winning their 6th Conference Championship in a row. San Joaquin Delta College Women's Basketball formed a new conference in 2005 and have won both years back-to-back. The Lady Mustangs just finished their 2006-07 season 30-5 and advanced to the California State Elite 8 Tournament for the third year in a row.

In her eleven years as a head coach at Delta, Gina Johnson has enjoyed the competition of the tough Bay Valley Conference and now the Big 8 Conference. In the 1996-97 season, the Lady Mustangs participated in a Cinderella season for a program that had been struggling in previous years. Delta fell one game short of finishing an undefeated conference schedule (13-1). The Lady Mustangs finished the season 24-7 and went on to the second round of playoff competition. Since 1997 the Lady Mustangs have been a team to contend with in the Bay Valley Conference. The best team in Delta Women's Basketball history may arguable be the 2001-02 Mustangs who finished 29-7 and were one game shy of competing for the California State Championship Game only. The Lady Mustangs finished 29-7 and had a remarkable year. Coach Johnson was named Northern California Coach of the Year by her colleagues for the many successes in 2002. In 2002-03 Mustangs finished 28-7 and earned a second Bay Valley Conference title. The Lady Mustangs shared the BVC title with league rival Sierra College. Johnson is proud of the players

that have graduated and or transferred to a four-year institution. There are a number of student-athletes that have earned basketball scholarships. She only hopes the trend continues.

A 1991 graduate of Cal Poly State University in San Luis Obispo, she finished her playing career in 1990 as a two-year starting guard for the Cal Poly Lady Mustangs. Prior to Cal Poly, Johnson was a junior college All-Conference player for DeAnza College. She was named MVP of the coast Conference in 1988 and was honored as a player to the California Community College First Team All-State. She holds a Masters Degree in Health, Physical Education, and Recreation from St. Mary's College.

Men's and Women's Cross Country

Coach King inherits a quality program from former Community College Hall of Famer Raydell Barkley. Coach King assisted Coach Barkley in Cross Country for two years. During that time the men's and women's cross country teams were in the top five in Northern California and placed in the top 15 in the California Community College State Championships.

Coach King earned his BA from Humboldt State University in 1983 and his Masters Degree in 1987. He is a certified Strength & Conditioning Specialist (CSCS). He has served as the State Director for the National Strength & Conditioning Association. His knowledge in strength and conditioning has had an impact on the numerous teams and athletes he has coached. His knowledge and experience has afforded him the opportunity to speak at two national conferences in Philadelphia and Las Vegas. His modalities and training programs enabled him to write numerous articles in scientific journals. His theories have proven to be effective and are now used worldwide. Coach King has four children and one grandchild.

Football

Gary Barlow begins his seventh season at the helm of Mustang Football. Since assuming the reins as Head Coach in 2001, Coach Barlow has led the program to a 41-23 combined record, program ranked #7 nationally by J.C. Gridwire and #2 in Northern California, 20-11 in conference, conference champions twice in five seasons, 2001 Shrine Bowl Champions, 2004 Holiday Bowl Champions, signed 51 student-athletes to full ride scholarship and have had 63 athletes make Academic All-Conference.

A Tracy High School product, Coach Barlow's playing career includes stints at the University of Wyoming (1985-86), Delta College (1987) and the University of the Pacific (1988-89). Following graduation from UOP, Gary was signed by the NFL's New York giants. He finished his playing days as a member of the Barcelona Dragons of the World Football League.

Golf (Men)

Van Sweet is in his 20th season as the Men's Golf Coach at Delta. His teams have gone on to be league champions seven of those seasons. In 1990 and 1997 his teams placed second at State. Before coming to Delta, Coach Sweet coached at the University of the Pacific for 11 years where he coached Basketball, Baseball and Golf. Coach Sweet was a counselor and health education instructor at Delta until his retirement in 1983. At Delta, he coached Men's Tennis, Softball, and Women's Basketball. Returning in 1988 to coach the Men's Golf team. Coach Sweet has a Master's Degree in Physical Education from the College of the Pacific.

Soccer (Men)

Tom Hoang has been the Head Men's Soccer Coach since 1997. In his second year coaching, he led the Mustangs to the playoffs and in his third year he led his team to win the Bay Valley Conference Championship for the first time in the history of the men's soccer program at Delta. Delta is currently a member of the Big 8 Conference. Many of Coach

SECTION IV — PROGRAMS, SERVICES AND ACTIVITIES

Hoang's players have gone on to play at the Division I, II and III levels and several have gone on to compete at the professional level. Each year brings new challenges for the Mustangs in the form of new players with varying skills. In order to unite the diverse group, Coach Hoang manages an off-season team that allows new and returning players to get to know each other and continue to develop their skills while learning to play together as a team. This approach to team building has proven successful for Coach Hoang and will continue to produce a strong men's soccer team at Delta College.

Soccer (Women's)

Lloyd Ratto has been the women's soccer coach since the program was added at Delta in 1990. Delta is a member of the very competitive Big 8 Conference. The team has reached the Nor Cal Playoffs the last three out of six years. Many of the girls that have gone on to play at Division I and Division II schools and have been very successful. Some of the schools Coach Ratto's players have advanced to are San Jose State University, Hayward State University, Martin Methodist College, and North Carolina.

Coach Ratto was honored by being named 1998 California Coaches Association High School Coach of the Year for girl's soccer. Then in 1999, he was awarded the National Federation of Interscholastic Coaches Association Section Seven Girl's Soccer Distinguished Service Award.

Coach Ratto received his B.A. and Masters Degrees in Physical Education from the University of the Pacific.

Softball

Delta College Softball is a member of the very competitive Big 8 Conference. In the past eight seasons, the Lady Mustangs have won conference championship 4 times, competed in the State Tournament 3 times earning 4th and 5th places, seven players earned All-American and three All-State honors.

Swimming/Diving (Men's & Women's)

In 1994 the Delta College men's swimming team were undefeated league champions. This was the first time since 1966. In 1999 the women's swim team were league champions and in 2000 both the men and women's swimming teams were league champions. During the 2000 swim season, as a swimmer at Delta, Renee Locarnini was the fastest in the nation in the 100 IM and second in the 100 yard breaststroke. In 2006 the men and women's swimming teams set 14 new school records. The men's team was 5th in the State and had nine Community College All-Americans.

Men's and Women's Track & Field

Coach King returned to the track after a four-year contribution to the Delta College Football program. After a very successful collegiate career at Humboldt State University, Coach King began his track and field coaching experience at Eureka High School. He also earned experience at Apple Valley High School and East Union High School. His teams at East Union were some of the most successful in the school's history. Numerous athletes from East Union furthered their track careers successfully after Coach King's tutelage.

Coach King assisted former head coaches Merv Smith and Raydell Barkley. During his tenure as an assistant coach, he has coached some of Delta's most successful middle distance runners and hurdlers. Coach King is a certified Strength & Conditioning Specialist (CSCS). He has served as the State Director for the National Strength & Conditioning Association. His knowledge in strength and conditioning has had an impact on the numerous teams and athletes he has coached. His knowledge and experience has afforded him the opportunity to speak at two national conferences in Philadelphia and Las Vegas. His modalities and training programs enabled him to write numerous articles in scientific journals. His theories have proven to be effective and are now used worldwide. Coach King has four children and one grandchild.

Volleyball (Women's)

The women's volleyball team has been a perennial powerhouse in the State for the past 25 years and especially in Northern California. In the past 25 seasons they have recorded an 82% win/loss record with 736 wins and 148 losses. In that time they have recorded first place in their conference a total of 17 times, second place three times, and third place six times. They have participated in the prestigious California State Championships thirteen times placing in the top 3 in ten of the past thirteen seasons.

In the past seven seasons Delta has turned out seven All-Americans. As a result of participating in the volleyball program at Delta College many players have gone on to compete at the Division I, II and III levels including the University of the Pacific, Long Beach State, University of Oregon, UNLV, Cal Poly SLO, Weber State, St. Mary's College, University of Wyoming, Cal State Fullerton, San Jose State University, Fordham University, and Eastern Tennessee to name a few.

Water Polo (Men)

Delta Water Polo is a member of the Big 8 Conference. The Delta College men's water polo teams earned conference championships in 1981, 1982, 1983, 1987, 1988, 1990, 1996, 1998, and 2002. The 1998 team was the first team in schools history to make it to the State Championship Tournament. The 2002 went undefeated in league, were named #3 in Northern California and placed 8th at the State Tournament. In all the other years, Delta has finished no lower than third place.

Water Polo (Women)

Delta's women's water polo begins its 7th season under head coach Mike Leabo in the Fall of 2007. The Lady Mustangs have qualified for the Northern California Championships 4 out of the last 5 seasons. Coach Leabo was voted Coach of the Year in 2001 and 2002 in the Bay Valley Conference and in the Big 7 South Conference in 2005.

Leabo was the head water polo and swim coach at St. Mary's High School in Stockton for 13 years before coming to Delta College. As an athlete, Leabo was a high school All-American Water Polo player at Tokay High School during the 1979 and 1980 seasons. In his four years at Tokay, 1997-1980, his teams compiled a 94-6 overall record.

Fall 2007 should be a big season for the Delta ladies. Look for big things from the women's program!

Wrestling

Michael Sandler has been the wrestling coach at Delta College for the ten nine years. During that time, the Mustangs have steadily improved and gained respect throughout the state. In the past nine years, Delta wrestling has had 47 State qualifiers, 16 place at State, 18 Academic All-Americans, and 3 All-Americans. Delta wrestlers have enjoyed success at the next level and our hope is to continue growing and adding to the success of Delta wrestling.

Admission & Records

Holt 101 - (209) 954-5151

The Admissions and Records Office coordinates the admission and registration process and maintains student records. Students may use the STAR telephone system to add or drop classes, pay enrollment fees and/or tuition. Students may use the internet to apply for admission, register for classes, request academic transcripts and enrollment verifications.

SECTION IV — PROGRAMS, SERVICES AND ACTIVITIES

AmeriCorps/Teacher TRAC**Goleman 126 - (209) 954-5418**

AmeriCorps is a national service program designed to meet critical needs in our American communities. Participating members volunteer one year of service as a tutor in exchange for an educational voucher that can be used to help finance higher education or pay back federal educational loans. Delta's AmeriCorps programs are designed for students who are interested in becoming teachers and want "hand on" experience. Contact the AmeriCorps office for more information.

Arts & Entertainment**Delta Center for the Arts Box Office - (209) 954-5110****L.H. Horton Jr. Gallery - (209) 954-5507****Facility Booking Information - (209) 954-5427**

Stockton's Delta Center for the Arts at San Joaquin Delta College is a focal point for the arts in the northern San Joaquin Valley. The center includes:

- Clever Planetarium and Earth Sciences Center
- Costume Shop
- Delta Box Office
- Dressing Rooms
- Holt Recital Hall
- L.H. Horton Jr. Gallery
- Makeup Areas
- Radio / Television Media Center
- Scene Shop
- Studio Theatre
- Tillie Lewis Theatre
- Warren Atherton Auditorium

Warren Atherton Auditorium is a 1,456-seat theatre with a 60-foot proscenium and full grid system. Tillie Lewis Theatre is a 393-seat venue with a 40-foot proscenium. Both Atherton and Lewis Theatres are equipped with a hydraulic orchestra pit. The Studio theatre seats 110 and is a common black-box theatre. The theatres are equipped with sound and state-of-the-art lighting systems.

The 2,000 square-foot L.H. Horton Jr. Gallery schedules shows throughout the year and has hosted artists from around the world.

With over 60,000 guests annually, the Delta Center or for the Arts is a hub of activity for the campus and community. It has played host to numerous internationally acclaimed artists, and celebrities. Students at San Joaquin Delta College perform regularly on its stages in recitals, concerts and plays. Ensembles from the Department of Music and Dance produce a variety of events including jazz concerts, band concerts, choral concerts and dance recitals. The Department of Drama produces a series of plays aimed at appealing to a variety of audiences including musical theatre, serious drama and theatre for children.

In addition to supporting the college's academic programs, Delta Center for the Arts has hosted Margaret Thatcher of Great Britain, Shimon Perez of Israel, and American leaders including Secretary of State Colin Powell, and General Norman Schwarzkopf just to name a few. The Stockton Symphony calls the center home as well. Throughout the year, they perform a series of concerts in Atherton Auditorium.

Basic Skills Applied Math Lab**Shima 315 - (209) 954-5598**

The Basic Skills Math Lab is required for students enrolled in Applied Math DV ED 86. It also is a support lab for Vocational Math courses. To find math level I classes, please find Developmental Education (DV ED 78, DV ED 86 and DV ED 87).

Bicycle Lockers**Shima 101 - (209) 954-5100**

The College provides bicycle lockers for student/staff use on a per term rental basis. The rental fee for use of a locker is \$10 for the Fall/Spring semester, and \$5 for the summer intersession. Contact the Student Activities, Shima 101, for bike locker rental information.

Bookstore**Danner Hall - (209) 954-5085**

Delta College Bookstore is owned and operated by the San Joaquin Delta Community College District. In addition to textbooks required by the faculty, the store also carries a large selection of reference and trade books, engineering and art supplies, general school supplies, clothing, and gift items.

The Bookstore is also an Authorized Apple & Dell Computer Reseller and a campus reseller for a variety of software products. These items are offered at discounted academic prices to our students and staff (only). Please visit our web site at bookstore.deltacollege.edu for more information.

Students are strongly encouraged to bring their class schedule to the Bookstore and shop early for best selection of lower-priced used books. Visit the Bookstore at the above-mentioned web site where you can purchase your books online and have them shipped to your home.

Methods of payment include VISA, MasterCard, Discover Card, American Express, ATM, and money orders. If the credit card owner is different than the user, written or verbal authorization from the owner will be required. **THE BOOKSTORE DOES NOT ACCEPT CHECKS.**

Book Refunds/Exchanges

- Available through the 2nd week of the fall and spring semester
- Available through the 1st week of the summer session
- Full Refund applies to books purchased for the current term only. See buy-back policy below for books purchased from previous semesters.
- To receive a refund, a student must provide:
 - o Cash register receipt
 - o Class schedule
 - o An ID

To receive a full refund, new books must be in perfect (mint) condition. Otherwise, returns are subject to a 25% reduction. (The Bookstore reserves the right to make a determination on the condition of books). Workbooks, study guides, syllabi, etc. are only eligible for refunds if returned new and unused. Generally online bundles with software and access codes are not refundable if package has been opened. Opened packages that qualify for a refund may be subject to a rewrapping charge. There is no refund on supplies, non-required books, plays, software or electronics.

Book Buy-Back — Best price offered LAST week of each semester. The Bookstore's commitment to students is to buy back as many books at the end of each semester as can possibly be resold the following term. That usually includes over 80% of book titles.

Students can sell back books any time, but the best price is offered during the last week of the semester/session for those books that are needed the next immediate semester. Books sold back at ANY OTHER TIME will be bought back for a used book dealer and only at the "wholesale" prices listed in their catalog.

- During the last week of each semester, the Bookstore will pay
- up to 50% of the original NEW price on all copies NEEDED on our campus for the following semester – regardless where purchased.
- Books bought back are then re-priced USED and made available for the next semester at 75% of the current new price.
- Discontinued books may still have a "wholesale" value, if the edition is current. We buy these books for a USED BOOK company that resells them to other schools. "Wholesale" values are approximately 25% of the original new price.

SECTION IV — PROGRAMS, SERVICES AND ACTIVITIES

- Following are reasons the Bookstore may not buy back certain titles:
 - o Faculty changes text for the following term
 - o Publisher changes editions of text
 - o The Bookstore may be overstocked on a particular title.

CalWORKs Assessment**5405 N. Pershing Avenue, Suite A (209) 870-7013**

The CalWORKs Assessment Center is located across the street from the college on the corner of Pershing and Venetian. The center provides assessment services required by the San Joaquin County Human Services Agency (HSA) for individuals enrolled in their CalWORKs program. Services are available only through referral from HSA or its contract agencies by appointment.

CalWORKs Program**Forum 110 – (209) 954-5404 or (209) 954-5415**

The CalWORKs Program at San Joaquin Delta College is run entirely by employees of the College. While we strive to work closely with the staff members of the Human Services Agency (HSA), we are not funded through the county. Our purpose is to help students, who are receiving cash assistance from HSA, be successful in achieving their educational goals.

We provide assistance with applying for admission and financial aid, preparing class schedules and enrolling in courses, referrals to resources on and off campus, free child care on campus, work study, employment preparation and advocacy to students' CalWORKs Case Managers.

The mission of the CalWORKs staff is to provide quality service and assist students receiving cash aid (TANF) from the Human Services Agency.

- We demonstrate our commitment to assisting students by providing supportive services that help students achieve their educational and career goals.
- We serve as advocates for CalWORKs students by openly communicating with their case managers.
- We recognize and understand the socio-economic and cultural diversity of our student population.

The San Joaquin Delta College CalWORKs Program exemplifies service, innovation & leadership.

Career-Transfer Center**Danner 202 - (209) 954-5634**

Career-Transfer Center services are designed to ease the transition to a four-year university by providing assistance with the transfer process. Services include online admissions application workshops, transfer admission agreements, on-the-spot admissions, field trips, appointments with visiting university representatives and major preparation advising.

Child Development Center**(209) 954-5700**

Delta College students and staff are eligible to enroll their children and grandchildren in the Child Development Center. Children ages 3 months through 12 years are cared for in a loving, nurturing, developmentally appropriate environment designed to meet the needs of each child. Parents are able to have their children near while they attend classes and use our observation rooms to view their child's play. Free or low cost child care is available to qualifying parents of infants, toddlers and preschoolers. Parents interested in this State funded program must provide verification of income, demonstrate need, and participate in the child's classroom. Pre-enrollment forms are required for all State funded programs. Families are also accepted on a full pay basis. Parents paying their own child care fees will be eligible to have a portion of their child

care fees subsidized by the Gladys Benerd Endowment. Please stop by the Child Development Center for a fee schedule.

Clever Planetarium and Earth Sciences Center

The George H. Clever Planetarium at San Joaquin Delta College provides a comprehensive series of space science and earth science education programs to school children from Stockton, Manteca, Lodi, Tracy, Rio Vista, Sacramento, Modesto and the Mother Lode, including Sonora. The planetarium regularly hosts school field trips from as far away as Fresno in the south to Chico in the north. The Clever Planetarium features a Spitz 512 prime sky instrument nicknamed Herman, which projects the stars on a 33 foot aluminum dome. This instrument can show the sky of any date-past, present or future-from any location on Earth. All the motions of the planet Earth can be simulated and accelerated so that days, years, centuries or a millennia can be made to pass before the viewers' eyes in a matter of minutes.

Community Education**Locke 107 – (209) 954-5013**

See "Kids College" and "Workshops & Programs for Adults"

Delta College Foundation

5405 N. Pershing Ave. Stockton, CA 95207

(209) 954-5027

Delta College is in the business of changing lives, creating opportunities and contributing to the economic health and well being of the community. As successful as the College has been, it still needs private donations for scholarships and help in purchasing equipment for its nearly 70 technical training programs. The college foundation has evolved through collaborative efforts of business, academic and scholastic interests. The foundation raises money for student scholarships and solicit business and industry to support academic programs. The foundation is a tax-exempt, nonprofit corporation under IRS Code 501c3. The Delta College Foundation has planned giving opportunities and accept such gifts as real estate, jewelry, art, stocks, bonds, mutual funds and life insurance policies.

Developmental Education

The purpose of Developmental Education is to provide courses that will assist students in mastering the basic skills necessary for them to continue their education. The instructional program includes basic, developmental and advanced courses in reading, writing, study skills, English as a Second Language, and mathematics. These courses are supported by laboratory experiences of individualized, self-paced practice. Six laboratories are available with materials, media, and tutorial assistance to help students improve their skills. The laboratories include the Center for Academic Preparation, the Writing Laboratory, the English as a Second Language Laboratory, the Learning Disabilities Laboratory, the Basic Skills Math Laboratory, and the Tutorial Center.

Disability Support Programs & Services (DSPS)**Cunningham 120 – (209) 954-5330**

The Disabled Support Programs and Services (DSPS) office provides specialized services to support the unique needs of individual students with verified disabilities. Arrangements may be made for reader, interpreter, note taker assistance; mobility assistance; use of adaptive equipment; community liaison; special counseling.

Vocational Rehabilitation Services

The State Department of Rehabilitation maintains a liaison counselor through the DSPS office on campus and provides multiple services to qualified students including a workability III program. These services include vocational counseling, testing, medical diagnostic services, financial aid, job placement. Interested students should contact Disabled Support Programs & Services for more information or for a referral to meet with a D.R. Counselor.

SECTION IV — PROGRAMS, SERVICES AND ACTIVITIES**Drug-Free Campus**

San Joaquin Delta College is committed to providing a drug-free learning environment for its students and a drug-free working environment for its employees. It is prohibited to unlawfully possess, use, manufacture, distribute, or dispense a controlled substance on the San Joaquin Delta College campus, or in any other facility under the control of the San Joaquin Delta Community College District. Violations of this policy may result in disciplinary action up to, and including, suspension for students and termination for employees.

Employment Development Department**Danner 203B - (209) 954-5097**

The Employment Development Department (EDD) assists students with part-time and full-time employment opportunities while completing their academic program. A representative will register students with CalJobs, a computerized job search program, and employment and employer information.

Employment Services**Danner 203 - (209) 954-5693**

Employment services are available for continuing students and AA/ AS graduates and certificate recipients through the Career Center. Assistance with the job application process includes resume development, interviewing techniques, and employment and employer information. Written materials and resources can be obtained on a walk-in basis.

English as a Second Language (ESL)**Cunningham 233 - (209) 954-5352**

The "ESL" program helps English as a Second Language students improve their skills in oral and written English.

Evaluations Office**Holt 101 - (209) 954-5004 (A-L) or 954-5010 (M-Z)**

Students that have completed courses at other colleges should have official transcripts sent to San Joaquin Delta college. To be considered "official" a transcript must arrive in an envelope still sealed by the college at which the courses were taken. For colleges outside of California, students should also submit course descriptions or catalogs from each school at which courses were taken. Once all official transcripts have arrived in the Evaluations Office, the student may request an evaluation. This evaluation will show which units are degree applicable and which requirements still need to be fulfilled to obtain an Associate Degree. Please allow a minimum of three weeks to have the evaluation completed. Once the student receives a copy of the evaluation, he/ she should work with a counselor for assistance in planning courses to meet the student's educational goals.

Extended Opportunity Programs & Services (EOPS)**Danner 101 – EOPS/CARE Student Information Center - (209) 954-5682**

Danner 201 – EOPS counseling Center
Danner 201 – EOPS Eligibility Services

The Extended Opportunity Programs and Services (EOPS) at Delta College provides a variety of services to students who have been educationally or economically hindered to support their academic success in college. Students participating in EOPS will engage in a series of activities and services developed to successfully support their educational goals while at Delta College.

The EOPS Program provides participants the following services:

- Outreach, admissions and enrollment services
- EOPS financial grants and scholarships, including assistance with the FAFSA
- Assistance with the purchase of textbooks and supplies
- Emergency Loan Program
- Personal counseling and academic advising

- Academic progress monitoring and intervention services, including tutoring
- Transfer advising

Cooperative Agencies Resources for Education (CARE)**Danner 101F - (209) 954-5167**

The CARE Program is part of the EOPS program and CARE students receive first level of EOPS services listed above. The CARE program supports single parents who are 18 years of age and older. In order to be eligible for CARE, students must also meet the following criteria:

- They must be the sole head of household,
- Be the custodial parent of one child, 13 years of age or younger
- And receive (or their dependents receive) AFDC, TANF or CALWorks.

CARE students also qualify to receive:

- CARE financial grants to assist with educational expenses,
- Supplemental CARE grants to assist with childcare expenses not funded by other agencies,
- Supply and uniform grants for students enrolling in vocational technical programs of study requiring significant uniform, supply and equipment expenses,
- College parking permit or regional bus pass,
- Student campus meal service,
- Campus and community resource referral,
- Emergency auto repair reimbursement program and
- A CARE curriculum of courses designed for single parents, including GUID 18A (Single Parents as Students: Codependency Issues); GUID 18B (Single Parents as Students: Campus and Community Resources) and GUID 18C (Single Parents as Students: Stress Reduction).
- The CARE program also works with the CalWORKs office at Delta College to ensure the coordination of services.

EOPS Student Success Academy

The Student Success Academy is a semester long learning community program designed for first time college students who are EOPS eligible. The program is designed to promote academic and personal growth, as well as offer an orientation to San Joaquin Delta College and four year university transfer information. Students interested in learning more about EOPS or enrolling in the EOPS Student Success Academy should contact the EOPS Office at 209- 954-5682, visit the EOPS Student Information Center at Danner 101 or go the EOPS website at www.deltacollege.edu/dept/ eops/index.html.

EOPS Summer Readiness Program

The Summer Readiness Program is a six-week summer program designed for first time college students who are eligible for EOPS. The program is designed to promote academic and personal growth, as well as offer an orientation to San Joaquin Delta College and four year university transfer information. In order for a student to be eligible for the Summer Readiness Program they must be a:

- California Resident
- Eligible for the Board of Governors Grant [BOGG] B
- 18 years old or have a high diploma or GED by the start of the program
- College student with less than 12 units of college credits after high school, and
- Intention to enroll as a full time student in the following Fall Semester

Students will learn to improve their self awareness and interpersonal skills. They will explore career options, Delta College certificate, AA/AS, and four year universities transfer options through UC and CSU field trips. They will develop a student education and learn about campus resources. In addition they will receive an EOPS cash grant and free text books and school supplies. Students interested in learning more about EOPS or enrolling in the EOPS Summer Readiness Program should

SECTION IV — PROGRAMS, SERVICES AND ACTIVITIES

contact the EOPS Office at 209- 954-5682, visit the EOPS Student Information Center at Danner 101 or go the EOPS website at www.deltacollege.edu/dept/eops/index.html.

Facility Rental & Reservations

Locke 107 (209) 954-5045

The Facilities Office provides students, faculty, management and classified employees of Delta College, the usage of facilities and classrooms to rent for non-instructional purposes: -

- Budd, Cunningham, and Locke Lounges
- Danner Hall (Upper/Lower)
- Sanford Courtyard
- Parking Lots: (Budd, Cunningham, and Locke)
- Serna Amphitheatre, Quad Area, and President's Patio
- Classrooms depending on availability.

Requests for these facilities can also be made by businesses or individuals of the local community. All requests for Delta College facilities, must be submitted in writing to the Facilities Office via email; facilitiesclerk@deltacollege.edu, outside businesses are required to submit and present a "Certificate of Insurance". For rental reservations for the Delta Center for the Arts, including Atherton Auditorium and Lewis Theatre, please contact the Fine Arts Division, at (209) 954-5209.

Federal Work Study

Holt 101 - (209) 954-5115

Federal Work Study is a financial aid program which allows for part-time employment, on campus, and gives students the opportunity to earn money needed to attend college. Students can apply for Federal Work Study and all other types of financial assistance with the "Free Application for Federal Student Aid," available in the Financial Aid and Veterans Services Office. Students may also choose to apply on the web at www.fafsa.ed.gov.

Financial Aid

Holt 101 - (209) 954-5115

Grants, student loans, scholarships and work-study jobs are available to qualified Delta students. Information is available both in Holt 101, and on the website at: <http://finaid.deltacollege.edu>. All students needing financial help while attending this institution are urged to apply. Scholarships are awarded each year to Delta students by local donors. The deadline is March 2nd every year preceding the next school year. Transfer and non-transfer students are eligible to apply.

Food Services

Danner Hall - (209) 954-5080

- Cafeteria - located in Danner Hall
- Java Jitters Coffee House - located in Locke Center
- Student Chef - located in Danner Hall
- Vending Machines - located in Cunningham, Locke & Budd Lounges

General Education Development (GED) Program

Holt 244 - (209) 954-5259

The GED Program offers preparation in writing, literature, social studies, science, and mathematics leading to the General Educational Development examinations for high school diploma equivalency. GED classes are offered on campus during the day and evening. Classes are also offered in the evening at several off-campus sites.

Guidance & Counseling Services

Danner 205 - (209) 954-5650

San Joaquin Delta College serves a diverse population of students. People from various ethnic backgrounds, ages, and cultures attend our institution for a variety of different reasons. Many are focused on developing career choices along with educational plans to support these choices. Counseling staff can assist with academic planning, career development, and personal counseling issues. Additional help in identifying the campus and community resources necessary for college success is also available. General orientation as well as specialized classes and counseling services are available to assist reentry, international students, those on academic probation, and student athletes, English as a Second Language classes, and those enrolled in noncredit (ESL/GED) instructional programs. For more information, view the program website at www.deltacollege.edu/dept/guidance.

International Student Program

Holt 101 - (209) 954-5641

Detailed admission information and International Student Applications may be obtained from the International Student Program Office located in Holt Center, Room 101, or by calling (209) 954-5641 or online at www.deltacollege.edu. Completed applications, including all supporting documentation, must be received by April 1 for the summer semester, June 1 for Fall semester and November 1 for the Spring semester.

Internship Program

Holt 140 - (209) 954-5269

Delta College recognizes the value of learning experiences that enhance formal college studies. A student attending Delta College may earn units towards an A.A. degree, A.S. degree, or transfer to a four-year college. The internship with business or industry requires the student to be enrolled in a course related to their internship. Each student shall be engaged in a specific project or on-the-job learning activities under the supervision of a worksite supervisor and college internship instructor. Students must be enrolled in at least seven units of course work including Internship units. Students enrolling in summer intersession must be enrolled in one course related to their employment (no minimum unit requirement). Students must be enrolled in the internship program before the census date for full term classes for each semester. For more information, contact the Internship/Work Experience office.

Internship courses are available in:

- Agriculture Business
- Agriculture Engineering
- Animal Science
- Administration of Justice
- Automotive Mechanics
- Auto Body
- Business Information Management
- Business and Accounting
- Computer Science
- Construction
- Diesel Technology
- Engineering Technology
- Fire
- Industrial
- Machine Tool
- Ornamental Horticulture
- Printing Technology
- Reading

SECTION IV — PROGRAMS, SERVICES AND ACTIVITIES

Kids College - Academic and Enrichment Workshops for Children and Teens**Locke 107 - (209) 954-5015**

The Kids College, part of the Community Education Department at San Joaquin Delta College, provides educational opportunities that are designed to meet the needs of youth in our community. This unique program offers children and teens (ages 2-17) the opportunity to participate in academic and enrichment workshops on a college campus. Kids College programs are in session during the fall, spring, and summer terms. Our non-credit workshops are offered after school, evenings, Saturdays, during school breaks, or by special request. Kids College special request programs may be developed for schools, student clubs, church youth groups, pre-school groups, community centers, and for home-schooled students. Kids College offers a variety of workshops in the areas of Academic Skills, Arts & Crafts, Computers, Cooking & Nutrition, Dance, Fitness, Foreign Language, Sign Language, Science, Sports, Music, Personal Development, Recreation, Technology, Theatre, and Writing. Kids College provides fun and challenging workshops that excite students about learning, as well as teach them meaningful skills or hobbies. The schedule of Community Education workshops, including Kids College, is published each term in the Delta Digest. For detailed information about Kids College, the current workshop schedule, and registration information, visit the web site kids.deltacollege.edu, or call (209) 954-5015.

Learning Communities**Administration 201 - (209) 954-5040**

Learning Communities provide opportunities for students to combine related courses and assignments. Belonging to a Learning Community fosters student retention, higher grades and camaraderie. Learning Communities courses are noted in the SJDC Schedule of Classes under the individual course offerings by section.

Learning Disabilities**Cunningham 237 Lab - (209) 954-5805****Cunningham 236 Office - (209) 954-5378**

The Learning Disabilities program assists students who have special learning needs based upon appropriate documentation for learning disabilities. Support services are determined on an individual needs based on assessment test scores.

Learning in Retirement - Stockton Institute for Continued Learning (SICL)**Holt 123 - (209) 954-5045**

Campus environment utilizing the resources of the College and the experience of its members. Membership in SICL is opened to all older adults in the San Joaquin Delta College community. Membership dues are \$25 per semester. Members may attend as many or as few of the programs offered by SICL on a first come basis. This is a membership run organization and as such welcomes and encourages active participation.

Library Services**Goleman - (209) 954-5139**

Goleman Library houses a collection of more than 100,000 volumes and provides a variety of learning resources to students, including three UC/CSU transferable library courses, reference assistance, information literacy instruction, a periodical collection, reserve books, textbooks, audiovisual materials, listening stations, photocopying equipment, and quiet study rooms. The library has a variety of electronic online databases and offers Internet access. You may access the Web Page at library.deltacollege.edu.

Lost and Found**Campus Police Headquarters - (209) 954-5000 (Voice/TDD)**

The Campus Police Department, located in the cottage on the southeast corner of the campus, receives lost articles. Any student who loses property should check with the Campus Police to see if it has been recovered. Property will be released to owners between 8:00 am and 5:00 pm, Monday through Friday only.

Math/Science Learning Center**Shim 217 - (209) 954-5542**

All tutoring is available by faculty and trained tutors in a supervised setting. Tutoring is a free service offered to all Delta College students. Tutoring Services are available free of charge, up to three hours per week per course. Students interested in serving as tutors should also contact the Learning Center.

MESA/CCP Math Engineering Science Achievement Community College Program**Cunningham 239 - (209) 954-5318**

Delta College MESA CCCP is an academic enrichment program that supports community college students to excel in math, engineering and all areas of science so they can transfer to major in these fields at a four-year university.

Student Benefits:

- Designated Student Study Center
- Academic Counseling & Advising
- Transfer Assistance
- Tutoring • Academic Excellence Workshops
- Professional Development Workshops
- Career Advising • University & Industry Tours
- Scholarship & Internship Opportunities
- Summer Research Opportunities

Student Eligibility:

- Student will be transferring to a four-year university.
- Student has completed or is currently enrolled in Math 82. (Intermediate Algebra) Math 80 Students (Elementary Algebra) may be considered for program, inquire with director.
- Eligible for any type of Financial Aid, EOPS, Puente, TRIO.

Middle College High School**Holt 208 - (209) 954-5790**

Middle College High School, a collaboration between Lodi Unified School District and San Joaquin Delta College, is located on the Delta campus. The high school serves high ability students in grades nine through twelve. Recruitment also focuses on identification and enrollment of high ability students who may not be achieving their potential or who may not have support for continuing education in college. The high school's mission is to provide a supportive, academically challenging program that enables students to experience quality college preparatory high school education with direct access to college opportunities fostering development of independence and success in college and careers. Contact Sherry Balian, Principal, or Sandra Hilton, Counselor, for more information.

Mini-Corps Program**Cunningham 436A - (209) 954-5208**

Mini-Corps is a statewide program designed for students who have Teacher Education as their goal. We offer a paid work experience and training. Students are placed as teacher assistants in K-12 schools to serve migrant students.

SECTION IV — PROGRAMS, SERVICES AND ACTIVITIES**Mobility/Health Services****Danner 109 - (209) 954-5078**

The facility is designed to provide limited mobility assistance to persons who require help to maneuver the Delta campus. This office also provides limited first-aid. Qualified personnel are equipped to administer first aid in case of sudden illness or accident. Any student who becomes ill or injured on campus should report or be referred immediately to the Mobility/Health Services Office for first aid assistance. Emergency situations require Campus Police who may be reached immediately at any Blue Emergency Phone.

Music Lab/Library**Holt 105 – (209) 954-5250**

The Music Lab/Library maintains the a collection of audio and video recordings and musical scores as well as computer software. In addition, the Music Lab/Library has listening stations as well as sixteen computers which are available for student use. Individual practice rooms are available for student use

Online Learning

San Joaquin Delta College uses multiple hosting environments for our online educational program. Classes may have a separate host and start date. To view a list of online classes, their hosting environments and start dates, login to our system at: solarwind.sjdccd.cc.ca.us/student/onlineLogin/index.cfm

Police Services**Police Cottage – (209) 954-5000**

The San Joaquin Delta Community College District Police Department is dedicated to providing a safe and secure environment for all persons entering the grounds of the campus. In accomplishing this mission, they respect and protect the constitutional rights of all and ensure the public's trust by maintaining high ethical standards through the following community-oriented policing practices:

- Proactive Prevention
- Enforcement of the Law
- Accountability to the Public
- Integration of New Technologies
- Provision of Courtesy Assistance
- Professional Growth Opportunities
- Protection of the Campus Community
- Participation in Community Relation events
- Establishment of Goals, Using Continuous Improvement Processes

The San Joaquin Delta Community College Police Department strives to maintain a reputation of excellence identifiable by the integrity of, pride in, and dedication to individual and overall operations.

For Campus Police Assistance**Blue Emergency Phone OR****Dial 5000 On Campus OR****Dial (209) 954-5000 from Off Campus**

San Joaquin Delta Community College Police Officers are vested with full law enforcement powers and responsibilities, identical to the local police or sheriff. Campus Police Officers are certified by and meet the selection of training requirements set forth by the Commission on Peace Officers Standards and Training for the State of California Penal Code Section 13510(a).

Crime Prevention & Crime Reporting

One of the essential ingredients of any successful crime prevention program is an informed public. It is the intent of San Joaquin Delta College to inform students and staff, in a timely manner, of any criminal activity or security problems which may pose a reasonable threat to their physical safety. Such information will normally be distributed to students, faculty and staff through several campus publications. The

Impact and the Mustang Bulletin are two student publications. Staff are informed through The Staff Notes newsletter, in-house memos or bulletins and electronic mail. Another critical element of a campus safety program is education. Campus Police, the Student Activities Office, and the Counseling Department sponsor programs on various topics. Finally, all effective crime prevention programs include some measure of people watching out for one another. All staff and students are asked to be security conscious and involved.

Lost and Found

Several hundred items of found property are turned in each year, most of which are never claimed by the rightful owners. One reason is that the property cannot be traced back to the owner. The other reason is that persons who lose property do not always check with the Campus Police to learn if their property has been found. Property that is marked with a name, phone number, or driver's license can be returned to the owner if found and turned in to Campus Police. Owners of property with no identification should check with the Campus Police in case it has been found.

Lockouts

Vehicle owners who are locked out of their vehicles may request assistance from Campus Police to gain entry into the locked vehicle.

Victims of Crime

Students who become the victim of a crime or witness a crime being committed should contact the Campus Police as soon as possible. Time is essential when a crime has been committed. The quicker the police department is notified, the quicker the response. Persons who believe that a crime may be occurring, or are suspicious that something is wrong, should contact the Campus Police. The police would rather respond to an innocent situation than not be notified when an actual crime has been committed.

Always be on the safe side and call.

Puente – Bridge to Success**Danner 203 - (209) 954-5216**

Puente students succeed academically, are recognized as leaders and scholars, graduate from four-year colleges and universities and belong to a statewide network of leaders and professionals. Many components work together to prepare Puente students to transfer to four year universities; English instruction, counseling and mentors.

Reading/Writing Learning Center**Holt 201 – (209) 954-5297**

The Reading/Writing Learning Center offers support to students throughout their college experience and serves those who wish to improve their comprehension of college-level material. Tutoring Services are available free of charge, up to three hours per week per course. Students interested in serving as tutors should also contact the Learning Center.

Reentry Services**Danner 203 - (209) 954-5679**

Reentry Services eases the transition of students returning to the academic environment after an extended absence. Services include orientation, registration assistance, counseling referrals, peer advisors, student workshops, career exploration and assessment, child care information, campus and community referrals.

SECTION IV — PROGRAMS, SERVICES AND ACTIVITIES

Regional Education

Regional Education is provided by offering college courses which provide the opportunity to complete most or all course work outside of the campus classroom - in a local community classroom, or in your own home on your own time.

Several modes of instruction are utilized for regional education:

- Off Campus Courses (live off-campus)
- Distance Learning (online classes via the Internet)

Delta College also offers a selection of classes at the Manteca Center and the Tracy Center.

Smoking Cessation Plans Services available to students and the general public**Dameron Hospital - (209) 461-7532**

Dameron offers a program for smoking cessation, which is free of charge, but a \$10.00 voluntary donation to the American Cancer Society is requested since they provide the classroom materials to Dameron. The program consists of 5 one-hour classes taught by a pharmacist and is a type of support group for smokers. Most insurance will cover the prescriptions for patches, Zyban, etc. which may be prescribed, including Medi-Cal.

Other Resources for Smoking Cessation:

- San Joaquin General Hospital, (209) 468-7200
- Evergreen Personal Improvement Center, (209) 472-0722
- American Heart Association, (209) 477-2683
- American Cancer Society, (209) 941-2676 American Lung Association, (209) 478-1888 St. Joseph's Hospital does not have a smoking cessation program but recommended the resources listed above and CD's.

Student Activities Programs & Services**Shima 101 – (209) 954-5100**

The goal of San Joaquin Delta College's Student Activities Program is to promote a positive environment for student development through various campus clubs and organizations. These organizations are designed to encourage students who share common interests to broaden their social horizons through the democratic process. All students enrolled at the college are members of Associated Student Body Government (ASBG), which provides campus leadership and coordinates the activities of all college student clubs and organizations. ASBG promotes the general welfare of students, guarantees equality of opportunity among students, and offers experience in the practice of American democracy.

The Student Activities Program Provides:

- Biannual Delta Blood Drive
- Club Start-up Packets
- Facility Use Permits
- Housing Information
- Legal Services
- Lockers
- Student Insurance Information
- The Mustang Bulletin
- The Volunteer Program

Active Clubs:

- Alpha Gamma Sigma
- Alpha Rho Tau
- Badminton
- Carpe Diem
- Bible Club
- Delta Microscopy Society
- Fashion Club
- High Voltage
- International Club
- International Dance Club
- Latter Day Saints Student Association (LDSSA)
- Movimiento Estudiantil chicano de Aztlan (M.E.Ch.A.)
- Model United Nations
- Student Nurses Association
- Universal Black Student Union
- and more...Contact the Student Activities Office to obtain information about campus clubs and dates

The InterClub Council (ICC), a subcommittee of the Associated Student Body Government, addresses club communications, policy interpretation, policy review and club fund raising, to ensure equity for all recognized clubs. ASBG and ICC member clubs support a variety of activities that make up campus life.

Special Education Programs**Cunningham 120 – (209) 954-5330**

The curriculum in Special Education has been designed to provide parents, professionals, paraprofessionals, potential special educators, and other interested persons with an opportunity to develop a basic understanding and some specific skills related to serving people with special needs. The non-credit "survival" level classes have been designed specifically for students with developmental disabilities.

Student Handbook

The Delta College Student Handbook is available at the college bookstore for a nominal fee. It includes important information for students including the college calendar, policies and regulations, college calendar and other important facts helpful for student success.

Tutor Services**Reading/Writing Learning Center, Holt 201****(209) 954-5297****Math/Science Learning Center, Shima 217****(209) 954-5542**

For assistance with most academic subjects, students may obtain tutoring services free of charge in one of the campus Learning Centers, up to three hours per week per course. Students interested in serving as tutors should also contact the Learning Center.

Veterans Services**Goleman 125 - (209) 954-5115**

Veterans of the armed forces may qualify for a variety of benefits, including veterans educational benefits and financial aid. The office of Financial Aid and Veterans Services provides informational materials, advice on available educational benefits for veterans and qualifying veterans' dependents, and guidance on the special satisfactory academic progress requirements for veterans. Students wishing to apply for veterans educational benefits must apply directly through the office of Financial Aid and Veterans Services by calling or visiting during office hours.

SECTION IV — PROGRAMS, SERVICES AND ACTIVITIES

Voter Registration

Voter registration materials are available for students who wish to register to vote in the following offices: Admissions and Records, Financial Aid and Veterans Services, Student Activities, Campus Bookstore, Guidance and Counseling, and Business Services.

Work Experience Program**Holt 140 – (209) 954-5269**

The Work Experience Program is designed for college students who are taking a course, related to their specific job duties, while working at a business, industry, or government work site. The Work Experience Program provides the student an opportunity to develop marketable skills, abilities, attitudes and work habits appropriate to successful employment in a career field. The student acquires sufficient career knowledge to enable them to develop an occupational education plan consistent with their career goals. The college further assures that the program offers opportunities in occupational areas that relate to existing or anticipated employment opportunities. Students enrolled in the Internship / Work Experience Program may earn from 1- 4 units of general elective college credit per semester. The student may earn a total of 16 units from the program. Once the student has reached the 16-unit limit, the student is no longer eligible for the program. For more information contact the Internship/Work Experience Office.

WorkNet Center**5405 N. Pershing Avenue, Suite A (209) 870-7000**

The San Joaquin Delta College WorkNet Center is located across the street from the college on the corner of Pershing and Venetian and provides services to both job seekers and employers at no cost. The center is equipped with computers, internet access, phones, fax machines, copiers, and staff who can assist with all of your job search needs. Hours of operation are Monday through Friday from 8:00 am to 4:45 pm.

Workshops & Programs for Adults**Locke 107 - (209) 954-5013**

Workshops & Programs for Adults offers a wide variety of affordable short-term, not-for-credit, fee-based workshops, seminars, and training programs designed to meet the needs of our community. Workshops & Programs for Adults is in session during the fall, spring, and summer terms; workshops are offered in the evenings and on weekends. Our workshops and programs can be developed by special request for businesses and organizations, community groups, or other entities.

Workshops & Programs for Adults provides a varied array of opportunities for personal growth, health and fitness, professional development, skill improvement, cultural enrichment, and recreational enjoyment. There's something for everyone! Workshops & Programs for Adults includes SICL (the Stockton Institute for Continued Learning), a member-run and member-governed learning-in-retirement program for mature adults that holds classes on the Delta College campus and also conducts off-campus tours each semester. For more information on SICL, visit the web: sicl.deltacollege.edu. The schedule of Community Education workshops, including Workshops & Programs for Adults, is published each term in the Delta Digest. For detailed information about Workshops & Programs for Adults, the current workshop schedule, and registration information, call (209) 954-5013 or visit the web: communityed.deltacollege.edu.
