Suggested Citation

State of California, Department of Finance, *Race/Ethnic Population with Age and Sex Detail, 2000–2050*. Sacramento, CA, May 2004.

There is one data file for each county and the State that contains all the data for that county for the years 2000–2050. There is one data file for each year from 2000 to 2050 that contains all the data for the counties for that year. All data files are comma-delimited, with field labels in the top row. Counties are identified in the files by number, with Alameda as county 1, Yuba as county 58, and California as 59.
