

Step 1

Type in the home webpage address: <http://www.cde.ca.gov/>

*Scroll down for additional steps.

The screenshot shows the homepage of the California Department of Education. At the top left is the state seal and the text "California Department of EDUCATION". To the right is a search bar with a "GO" button and links for "Advanced", "Site Map", and "A-Z Index". A navigation menu contains several categories: "Home", "Superintendent", "Board of Education", "Curriculum & Instruction", "Testing & Accountability", "Professional Development", "Finance & Grants", "Data & Statistics", "Learning Support", and "Specialized Programs". The "Data & Statistics" link is highlighted with a red box, and a callout box with an arrow points to it, containing the text "Click the 'Data & Statistics' section." Below the navigation menu, there are sections for "Our Vision", "What's new" (with news items about a \$75 million grant and a state administrator appointment), "Highlights" (with items for "No Child Left Behind" and "Academic Performance Index (API)"), and "Resources" (with a list of links like "Calendars" and "Department Information"). At the bottom left is the "A Star A California" logo, and at the bottom right are contact information and a "Last Modified" date of Tuesday, June 29, 2004.

Step 2 Click on 'DataQuest'
