

San Joaquin Delta College

COMMITTEE BOOK

2001 - 2002

Committee Summary

Curriculum Committee

Committee Responsibilities:

Advise on the planning and coordinating of curriculum development to include course classification, degree requirements, general education transfer requirements, credit, non-credit, and not-for-credit courses, and recommend approval of all program and/or course revisions and new programs and/or courses.

Evaluate student requests and, when appropriate, authorize examinations for students who wish to receive credit by examination for experience gained outside the college.

Advise on the support services required for instructional needs including, but not limited to, Library Services and Academic Computing.
Coordinate short-term and long-range curricular and instructional planning.

Ensure consistency of operation with district and/or statewide policies.

Recommend instructional policies and procedures.

Advise on articulation matters.
