

Date: March 27, 2009

To: Vice Presidents, Division Deans and Managers

From: Staci Swift, PHR
Employment and Employee Relations Manager, Human Resources

Subject: Monthly Evaluation Report

Attached is the monthly Evaluation Report for your Division or Department.

Human Resources developed this report as a tool to assist you in performing timely job evaluations for your employees. The information contained in this report identifies all evaluations that are past due, currently due and/or upcoming for the staff in your area. The report is now in an Excel format, giving you the flexibility of sorting the data as you wish and enabling you to prepare for upcoming evaluations.

The Evaluation Report is separated into columns by employee number, employee name, department, begin date/end date (of evaluation period), current job title, scheduled due date and evaluation type for classified staff, adjunct faculty, and regular faculty.

The Human Resources Department is converting from System 2000 to Munis, a new HR management information system, and there may be some errors regarding incorrect supervisors and/or departments. In an effort to provide you with exceptional service, we ask that you *review this report immediately and notify us if the report reflects incorrect information*. Please send an email or make a copy of the report, note the changes and/or corrections and return the copy to me at Employment and Employee Relations, Admin. 202.

To all Division Deans: we are counting on your feedback to clean up records for adjunct faculty who have not had an assignment in 39 months. If an adjunct faculty member has not received an evaluation in 39 months, they are now inactive in Munis and should not appear on your report. If you see someone missing from your list, please complete the evaluation and upon receipt of the evaluation, we will enter the data and update the system. Please note you will receive a separate report for your adjunct instructors until we have determined the best approach for reporting when adjunct faculty will need an evaluation because of the variations with assignments from one semester to another.

We are committed to sending the evaluation reports to the area Vice Presidents on a quarterly basis. Late evaluations for District employees were a serious concern for the Accreditation Committee in the past. With this in mind, the Human Resources Department is committed to providing you with the tools you need to ensure timely evaluations.

Going forward, Evaluation Reports will be emailed to you on or about the first week of the month.

We thank you in advance for your timely cooperation and patience with the process.
