Minutes: February 15, 2005 minutes were approved as read.

Supplemental Instruction Summary Reports Fall 2004: The group discussed evaluating the effectiveness of S.I. and the possibility of augmenting our current reporting procedures with additional measures by comparing student performance in sections offering S.I. with sections that do not offer S.I. to students. All campuses approved the summary reports for posting.

Fall 2005 SI Target Section Planning:

Coordinators discussed the possibility of marketing S.I. through the course schedule at each campus. Due to scheduling difficulties it does not appear possible at MJC or CSUS. Coordinators were asked to identify additional course sections that would be used to compare with S.I. sections in the Fall 2005 semester. Comparable course sections must have the same instructor as their S.I. counterparts and **no** students from comparable sections are allowed to participate in S.I. Additional comparisons may be possible with historic data.

Mentor and SI Leader Combined Meeting Evaluation: The group reviewed the summary of the March 5, 2005 combined meeting with S.I. leaders and Activity Two mentors. All agreed that the event was beneficial to strengthening the grant objectives.

Summer 2005 Budget: The group listed planned activities for summer 2005 these activities include but are not limited to:

Learning Aids: Mathematics
Regional Data Quality Control/Summarizing for Spring 2005
Generate Fall 2005 Shared Files

Regional Data Entry Staff Training
SI Student Leader Training
