The Board of Trustees and Attending Dignitaries with the Traditional Groundbreaking Shovels

From left to right: Trustee Dan Parisi, Trustee Anthony Bugarin; State Assembly Member Greg Agahzarian; President Ratil Rodriguez; Trustee Maria Elena Serna; Board of Trustees President Leo Burke; Trustee Janet Rivera; Trustee Greg McCrea; Chairman of the County Board of Supervisors Ken Vogal; Trustee Ted Simas; Citizens’ Oversight Committee Member Jeff Thompson

Student Services Building Groundbreaking Ceremony

On May 6, Delta College hosted a groundbreaking ceremony to celebrate the start of work on the new Student Services Building. The event included informational displays, live music, terrific food, and speakers who espoused the value of Delta College within the community and Delta’s great future that is, in part, represented by this new facility.

Thank you to all who attended and contributed to the success of this event.

It was a beautiful, sunny day as each speaker celebrated the past and future of Delta College. Photos to the left are of California State Assembly Member Greg Agahzarian (top) and Chairman of the County Board of Supervisors, Ken Vogal (bottom). To the right we see some of the attendees taking advantage of the shade.

Traffic Flow and Parking Update

Please take note of the upcoming changes to the Child Development Center drop-off/pick-up area as well as parking closures and traffic rerouting that will take place on the north road. We know that these changes can cause inconveniences and greatly appreciate your patience.

North Road Project
The inset below depicts the traffic routing changes and parking closure that will take place Monday, May 12, 2008. Green indicates open traffic routes. Traffic will exit Burke Bradley at the eastern- and western-most lot entrances and be rerouted along the southern boundary of the parking lot. There will still be a significant number of parking spaces available in S2.

Child Development Center
The inset to the right depicts the changes to the drop-off/pick-up area that will take place May 30, 2008 and will be in place for 8 weeks. The green represents the driveway and a circular turn-around point. The black areas are 10 minute parking. The yellow represents the pedestrian paths that should be used to reach the center.
