For detailed workshop descriptions, information about the teacher, and online registration, visit the web: www.adultedreg.com/deltakidscollege

Kids College
ACADEMIC SKILLS & CREATIVE LEARNING

Fast-Track Math
High School
This workshop is for high school students and adults who struggle with math. It will be held in a computer lab, with an instructor available to offer assistance during class time. The online coursework has both Basic Math and Algebra modules and the content and pace adapts to the needs of each learner.

*Note:* Students may work on the lessons at home or in the computer lab (instructor will advise you of available times), but you must come to the class in the evenings in order to take the chapter tests.

*Workshop Requirements: Attendance in the first class is mandatory as a diagnostic test will be given as well as a demonstration of the program. Students must bring their own headphones to each class.*

**Section 1:**
- Feb 12-28
- Tue & Thu (6 classes) Shim 217A
- Code: 99535
- Fee: $50

**Section 2:**
- Mar 5-21
- Tue & Thu (6 classes) Shim 217A
- Code: 77370
- Fee: $50

**Section 3:**
- Apr 9-25
- Tue & Thu (6 classes) Shim 217A
- Code: 28277
- Fee: $50

Online SAT/ACT Test Preparation
Teens
This 6-week online course will prepare students for both the SAT and ACT test questions in the areas of Reading, Writing, English, and Science. Spring 2013 start dates are January 16, February 20, March 20, April 14, and May 15. *Note: New Online courses begin monthly throughout the year.* Fees: $95. Detailed information and online registration are available at: http://www.ed2go.com/sjckids.

Test Taking Secrets For School & Jobs
Ages 12 and up
Those who test well EXCEL IN SCHOOL, get BETTER JOBS QUICKER, and GET PROMOTED FASTER. Discover NEW ways to excel on ALL tests by focusing on key underlying principles that apply to all academic exams (from junior high to graduate school); all standardized tests (from the SAT, APs, and Exit Exam, to the BAR Exam); and any employment, entrance, and promotion exam. Learn how to prevent test anxiety, increase focus and concentration, and reason-your-way to the right answer. Discover the 3 biggest mistakes every test-taker makes and how to correct them NOW!

*Workshop Requirements:* Students should bring a notebook and pencil for note taking.

**Mar 2**  9am-12noon
Sat (1 class) Shim 126
Code: 60690  Fee: $79
(Fee includes $30 for workbook)

Discover Your Natural Talent ©
( and Improve Grades, Behavior, and Life Success)
Ages 13 and up
Biographies show that the world’s highest achievers succeeded by using their Natural Talent. For example, Elvis, Oprah, and Einstein were all just “doing what comes naturally.” In this unique workshop students will discover which of the 33 Natural Talents is theirs; and how to start developing it in school, the community, and at home for preparing for reaching their highest potential. A Natural Talent that is recognized and encouraged results in higher grades and self-esteem, and much-improved behavior. It is also the basis of one’s most successful college major and career.

*Workshop Requirements:* Students should bring a notebook and pencil for note taking.

**Mar 2**  1-5pm
Sat (1 class) Shim 126
Code: 34170  Fee: $79
(Fee includes $30 for workbook)

Reading Readiness
Ages 4-6
Students will learn the letters and the sounds they represent in an energetic, fun setting. This workshop is based on the phonics approach to reading, with stories, group activities, flash cards, hands-on opportunities, and individually guided practice time.

**Mar 2-Apr 27**  9-10am
Sat (8 classes) Lock 118
Code: 74936  Fee: $68
(no class on 3/30)

Early Reading
Ages 6-8
Does your student already know the alphabet and the letter sounds? If so, this workshop is perfect for taking the next steps toward developing strong reading and vocabulary skills. Instruction will include group reading, flash cards, and hands-on activities. Emphasis will be on building vocabulary, blending the letter combinations together, and developing good comprehension skills.

**Mar 2-Apr 27**  9-10am
Sat (8 classes) Lock 118
Code: 74936  Fee: $68
(no class on 3/30)

Pre-Algebra/Algebra I Skills
Ages 11 and up
This workshop will improve your student’s understanding of algebra concepts. It will focus on the skills and habits needed for successful Pre-Algebra or Algebra I students. A review of prime factorization, fractions, decimals, percentages, proportions, equations, factoring, and ratios will be provided.

*Workshop Requirements:* Students must bring a notebook and pencil for note taking.

**Mar 2-Apr 27**  9am-12noon
Sat (8 classes) Lock 118
Code: 50535  Fee: $68
(no class on 3/30)

What’s Next in Math?
Ages 10-12
This workshop will build on the basic math skills of addition, subtraction, multiplication, division, place value, fractions, geometry, and measurement. We will cover many more advanced math skills and their applications as well: prime numbers, multiples, factors, equations, fractions and mixed numbers, decimals, area, perimeter, volume, metric and standard measurement, ratio, percent, probability, and graphs.

**Mar 2-Apr 27**  1-2pm
Sat (8 classes) Lock 118
Code: 99219  Fee: $68
(no class on 3/30)

Language Arts: Reading & Writing Strategies
Ages 9-11
This workshop will focus on teaching students how to improve their skills in the components of language arts, including word analysis, reading processes, and comprehension—both literature and informational texts. They will also learn to increase their writing skills, in composition, mechanics, and the writing process.

**Mar 2-Apr 27**  2-3:15pm
Sat (8 classes) Lock 118
Code: 83057  Fee: $68
(no class on 3/30)

Have questions?  Need more information?  Please call (209) 954-5015
**Whiz Kids at Study Skills**

**Ages 10 and up**

Learning and applying successful study skill strategies can help bring out the Whiz Kid in your student. This workshop is filled with practical hints, methods, tips procedures, resources, and tools covering many successful learning strategies. Students will discover their learning style and can improve their note-taking, test-taking, reading, time management, and organizational skills.

**Workshop Requirements:** Students must bring a spiral notebook and pencil to each class.

Mar 2-Apr 27  
3:30-4:30pm

Sat (8 classes)  
Lock 118

Code: 32480  
Fee: $68

(no class on 3/30)

---

**Arts & Crafts**

**Clay Butterflies on Canvas**

**Ages 6-14**

Students in this workshop will create a “life like” clay butterfly. It is simple to learn and great for first time clay sculptures. They will paint their butterflies using a variety of colors and it will be added to a canvas that they decorate. The finished product is a work of art that the student will be proud to hang or give as a gift. Class is limited to 10 students.

**Workshop Requirements:** $10 materials fee (cash, exact change) is due to the teacher at the beginning of the class, for all the art supplies.

Mar 2  
10am-1pm

Sat (1 class)  
Shima 133

Code: 77700  
Fee: $26

---

**Colors on Canvas**

**Ages 7 to 12**

In this beginning class, students will learn step-by-step process of acrylic painting. They will be exposed to the elements of painting, gain a greater understanding of art, and how to apply colors on canvas. Class size is limited to 10 students.

**Workshop Requirements:** $15 (cash, exact change) materials fee is due to the teacher at the beginning of the first class, for all the supplies.

Mar 5-21  
4-5:00pm

Tues & Thu (6 classes)  
Shima 133

Code: 96271  
Fee: $47

---

**Classic American Artists**

**Ages 4-6**

Students will have fun creating art using some techniques from various classic American artists. They will learn about such artists including Norman Rockwell, Georgia O Keeffe, and Andy Warhol, their styles, and what made them popular. Class size is limited to 8 students.

---

**Workshop**

**Requirement:** $5 (cash, exact change) materials fee is due to the teacher at the beginning of the first class. Students must “dress for a mess”.

Mar 9 & 16  
9-11am

Sat (2 classes)  
Shima 133

Code: 20460  
Fee: $43

---

**Animation & Computer Application**

**Ages 10 and up**

In this unique class, students will explore background, characters, lip sync, motion, walk cycles, lighting, sound keying, effects, and compositions as applied with computer software. An awareness of how computers aid basic animation is a fundamental goal of the class. Instruction is presented using computer projection and will not be set with not set with individual computers for students.

Mar 11-Apr 15  
4-5:30pm

Mon (4 classes)  
Shima 122

Code: 87596  
Fee: $47

(no class on 3/25 & 4/1)

---

**Basic 3-D Clay Sculpture**

**Ages 6-12**

In this hands-on workshop, student will learn how to turn clay into three dimensional animals and figures that they will paint. It will cover basic clay techniques, like making and using “Slip”. Class size is limited to 10 students.

**Workshop Requirements:** $5 (cash, exact change) materials fee is due to the teacher at the beginning of the first class. Students should “dress for a mess” or bring an apron.

April 6  
10am-1pm

April 13  
10am-12noon

Sat (2 classes)  
Shima 133

Code: 25460  
Fee: $32

---

**Kiln-Fused Glass: Sunray Light-Catchers**

**Ages 5-8, 9-12**

Come and experience a fun way to learn about the Art and Science of glass-fusing! In this unique workshop, students will create their own sunray glass ornament with a built-in glass “channel” for hanging. Class size is limited to 10 students.

**Workshop Requirement:** $8 materials fee (cash, exact change) is due to the teacher at the beginning of the first class, for all art supplies, equipment, and handouts.

---

**Computer Game Programming**

**Ages 12 and up**

Students will design, develop, and write a PC game using Microsoft Small Basic on a Windows based computer. An introduction to computer programming will be taught with an emphasis on creating a PC game.

**Workshop Requirement:** Students must bring a memory device such as a Flash Drive to save their creation.

Mar 4-18  
4-5:30pm

Mon (3 classes)  
Shima 237

Code: 45051  
Fee: $39

---

**PowerPoint II**

**Ages 10 and up**

This workshop goes beyond just the basics of PowerPoint. It will cover more advanced features such as timing, notes, handouts, sound clips, music, graphs & charts, and animated backgrounds. Students will learn to create more customized and impressive presentations. Class size is limited to 12 students.

**Workshop Requirements:** Students must bring a memory device such as a Flash Drive to save their work and must have prior PowerPoint experience.

April 6  
1-4pm

Sat (1 class)  
Shima 109

Code: 94467  
Fee: $26

---

Kids College 35
Dark Chocolate Bread Pudding
Ages 10-17
What can you do with bread besides toast and sandwiches? Make dessert! Even better than brownies, Dark Chocolate Bread Pudding is an awesome dessert to eat warm or cold, with powdered sugar topping or whipped cream. Learn to make this wonderful dessert in class, and bring your sweet tooth to share in the warm samples fresh from the oven. Class size is limited to 10 students.

Workshop Requirements: $8 materials fee (cash, exact change) is due to the teacher at the beginning of the first class, which includes baked cupcakes, measuring ingredients, frosting, and decorating supplies.

Mar 16-Apr 6 9-10:30am
Sat (3 classes) Shim 127
Code: 92085 Fee: $32
(no class on 3/30)

Little Chefs Spring Fling!
Ages 4-6
Little Chefs are back to create yummy spring foods! They will learn cooking techniques and food safety through hands-on recipes. Young students will enjoy preparing spring salad, fruit smoothies, chicks in a nest, and colorful egg salad. Class size is limited to 8 students.

Workshop Requirement: $5 materials fee (cash, exact change) is due to the teacher at the beginning of the first class.

Mar 9 & 16 12 noon-2pm
Sat (2 classes) Shim 133
Code: 58243 Fee: $43

Fresh Tofu As You Like It!
Ages 10-17
Have you ever wondered how tofu is made, and if you like it silky smooth or chunky and crispy? In this culinary workshop, students will make tofu together, along with a favorite recipe they create. Besides being a super healthy food, tofu is amazingly yummy when you add your favorite flavors to it. Bring your curiosity, ideas for flavors, and concentration skills! Class size is limited to 10 students.

Workshop Requirements: $10 materials fee (cash, exact change) is due to the teacher at the beginning of class for all the food items, handouts, and materials. Students must wear a cap or hair in a band for sanitary purposes, wear sturdy, closed-toe shoes, and an apron. Parents must call 209-954-5015, no later than 7 days prior to the start of the workshop, if their child has any food allergies or restrictions. Please bring a water bottle for those thirsty moments.

Mar 23 1-4 pm
Sat (1 class) Shima 301
Code: 31924 Fee: $26

Hand Made String Cheese
Ages 10-17
This favorite snack is even better when you make it yourself. Together in this workshop, students will use milk and transform it into a delicious string cheese that is not only healthy and tasty, but a lot of fun to make! Prepare to bring your concentration skills and work with your hands in this artisan class. Class size is limited to 10 students.

Workshop Requirements: $10 materials fee (cash, exact change) is due to the teacher at the beginning of class for all the food items, handouts, and materials. Students must wear a cap or hair in a band for sanitary purposes, wear sturdy, closed-toe shoes, and an apron. Parents must call 209-954-5015, no later than 7 days prior to the start of the workshop, if their child has any food allergies or restrictions. Please bring a water bottle for those thirsty moments.

Mar 9 1-4 pm
Sat (1 class) Shima 301
Code: 86021 Fee: $26

Spanish: Las Americas
Ages 7-11
In this beginning workshop, students will have fun learning basic Spanish vocabulary and phrases, counting, and the alphabet. They will explore the cultures of Spain and Latin America and develop an understanding of the differences.

March 12-April 9 4-5:30pm
Tue (4 classes) Locke 118
Code: 62451 Fee: $47
(no class on 3/26)

Mondays Millwood School
233 N. Mills Ave.-Lodi
Code: 48546 Fee: $60

African-Caribbean Dance
Ages 7-10
Come and experience the rhythm of traditional dances. Students will be exposed to dances from Afro-Cuban/Haitian cultures. This workshop will provide a unique, artistic learning experience. 

Note: Loose fitting clothing is recommended for comfortable movement.

Mar 8-Apr 19 5:30-6:30pm
Fri (6 classes) Shim 133
Code: 16893 Fee: $47
(no class on 3/29)
**Stockton Concert Band**

High School
This workshop is dedicated to the rehearsal and performance of concert literature with emphasis on sight-reading and public performance. Students will have an opportunity to be a part of a large concert band and play a variety of music from classical to pop.

**Workshop Requirements:** Musicians must have at least two years of experience as a band performer and must demonstrate their ability through an audition before full acceptance into the band. Students must participate in their school band, if one exists at their site. Attendance is mandatory at 2-4 public performances (schedule to be announced).

Jan 15-May 14 6:30-9:30pm
Tuesdays
Code: 14450 Fee: $60

**Suzuki Violin**

Ages 3 and up
Students will learn the Suzuki method, developed by Dr. Shinich Suzuki. In this ongoing string instrument workshop, which requires parent participation/ involvement, students can develop their musical abilities, concentration, motor skills, memory powers, and self-confidence.

**Attention:** Beginning students will meet the first hour; intermediate and advanced students will meet the second hour. This workshop is ongoing; thus registration is open ended. There are a limited number of violins available for a $2.50 maintenance fee per session. Every student must have a violin.

**Workshop Requirements:** Parents of pre-fourth grade students who want to enroll their children in Beginning Suzuki must first take the workshop (8 classes) themselves. Each session will cover the Suzuki method requires the parent to help their child during home practice sessions. Before a pre-fourth grade student can register, the parent must have attended the workshop, completed the required reading, and must be able to play simple songs at the required level. Parents of pre-fourth-grade students must attend each class with their child. The first two-hour class of each section is mandatory for new, beginning students. New students must purchase a recording of Suzuki Vol. 1 for Violin, available at local music stores. New violins brought to class MUST be tuned and adjusted in advance, so as not to take away the teacher's attention from other students. (Note: Other requirements will be covered in class).

**Section 1:**
Jan 11-Mar 8 4-6pm
Fridays (8 classes) Holt 213
Code: 82572 Fee: $40
(no class on 2/15)

**Beginning Piano Keyboarding**

Ages 8 and up
This workshop will give students the basic skills needed to read music and play the piano! Through music, students can learn important life skills, like increasing attention span and acquiring greater discipline. No prior knowledge of music is necessary.

**Workshop Requirements:** Purchase Alfred's Basic Piano Library All-in-One Course (Book 1), available at the Delta College Bookstore. Students must bring the piano book, a tablet, and pen to each class session, as well as have access to a piano or keyboard at home for daily practice.

Mar 4-Apr 15 4:15-5:45 pm
Mon & Wed (10 classes) Holt 109
Code: 43508 Fee: $110
(no class on 3/25, 3/27, 4/1)

**Beginning Guitar**

Ages 8 and up
This workshop will focus on the basic guitar fundamentals, including tuning of the instrument and basic chords. Students will be exposed to both English and Spanish rhythms. No guitar experience is needed. (Note: The first portion of each class will focus on the critical element of tuning of guitars.)

**Workshop Requirements:** Students MUST bring a six-string acoustic guitar (preferably with nylon strings), tablet of paper, and pen to each class. Must purchase the guitar textbook at the Delta College Bookstore. Guitars should be tuned in advance of each class.

Mar 7-Apr 18 4-5pm
Thu (6 classes) Shim 127
Code: 82400 Fee: $47
(no class on 3/28)

**Music / Online Learning**

**Online Learning Courses**

High School
Looking for a way to brush up on your academic skills or want to pursue a new interest? Kids College has partnered with Ed2Go® to offer a variety of not-for-credit online learning courses. The following are a sample of available classes:

- **Academics:** Math, Languages, Math, Grammar, Science, SAT & GED Test Prep
- **Computers:** Programming, Networking, Web Technology, Graphic & Multimedia Design
- **Arts:** Digital Photography, Creative Writing, Guitar, Drawing
- **Career:** Job Search, Start a Pet Sitting Business, Resume Writing
- **Personal Enrichment:** Get Assertive!, Dealing with Difficult People, Communication, Leadership

All courses run for six weeks with a two-week grace period at the end. Each course is composed of 12 lessons, representing 24 hours of instruction.

**Requirements:** Students must have at least an 8th grade reading level, an e-mail address, and Internet access (Netscape Navigator or Internet Explorer web browser).

Spring 2013 start dates are January 16, February 20, March 20, April 14, and May 15. **Fees:** Most six-week online courses are $95. For details about the online courses and how to register, visit the website: [http://www.ed2go.com/sjdc](http://www.ed2go.com/sjdc)

**Online Credit Recovery Program**

High School
Students in need of making up credits or retaking a course to improve their GPA can get back on track
to earn their high school diploma with this accredited online program. Kids College has partnered with Ed2Go® to offer the online Summer School Credit Recovery Program. Both semester 1 and semester 2 are offered for each of the following courses: MATHMATICS; Algebra I, Geometry, Algebra II; SCIENCE: Biology, Chemistry; LANGUAGE ARTS: English I, II, III, IV. These courses are self-paced, meet all state standards, and support is available from qualified, certified instructors to answer questions by phone or email.

Students should complete the Credit Transfer Pre-Approval and gain approval from their guidance counselor prior to registration and should register when they are ready to begin the course. **Length of course:** approximately 4 weeks (per semester course). **Course Fee:** $299 for each semester course. For details about the online High School Credit Recovery Program and other online courses and how to register, visit the website: [http://www.ed2go.com/sidckids](http://www.ed2go.com/sidckids). Registration is open enrollment.

### Online Drivers Education

**Teens**

Are you ready to get your driver’s license? Kids College offers a 30-hour online drivers education classes in association with OnlineDriversEd.com. This is a California DMV-certified driving education interactive course blends reading, flash animation, and video with study questions. Students can take the quizzes and the online driver’s ed test as many times as it takes to successfully complete the online driver’s ed course. Practice permit tests are available upon successfully passing the course. For details and registration, visit the website: [http://onlinedriversed.com/?!code=4272](http://onlinedriversed.com/?!code=4272). Course fee: $29.50. Have questions? Call 866-836-8952 (Remember to mention Kids College and Code # 4272).

### SCIENCE & ENGINEERING

#### H₂O & iPad/Superheroes

**Ages 8-13**

This unique workshop will explore the properties of H₂O (water) and will use the technology of iPads to demonstrate the scientific concepts covered. Students will create comic strip superheroes whose powers match the powers of water: polarity, adhesion, surface tension, etc. (Note: There are a limited number of scholarships available for this workshop for qualifying students. Call 209-954-5012 for details)

**Workshop Requirements:** Students must bring a sack lunch and beverage. (Note: Campus Food Service is not available on Saturdays.)

| Feb 23 | 10 am-2pm |  |
| Sat (1 class) | Shim 127 | Code: | 61827 |

### Exploring Engineering

**Ages 6-11**

Have you ever wanted to be an engineer? In this hands-on workshop, students will design projects that civil, mechanical, and electrical engineers perform, such as circuits, bridges, catapults, and much more. Class size is limited to 10 students.

**Workshop Requirement:** $5 materials fee (cash, exact change) is due to the teacher at the beginning of the first class.

| Mar 11-Apr 15 | 4-5:30pm |  |
| Mon (4 classes) | Shim 127 | Code: 61475 | Fee: $47 |

(no class on 3/25 & 4/1)

#### “Weird Science”

**Ages 6-11**

Here is your chance to explore how weird science can really be! From vanishing milk, putting a straw through a potato, to making real ice cream in an unconventional way, students will learn science concepts in fun activities. Class size is limited to 10 students.

**Workshop Requirement:** $5 materials fee (cash, exact change) is due to the teacher at the beginning of the first class.

| Mar 12-Apr 16 | 4-5:30pm |  |
| Tue (4 classes) | Shim 127 | Code: 74685 | Fee: $47 |

(no class on 3/26 & 4/2)

#### Little Scientists

**Ages 5-7**

Young scientists will use their brain, senses, and fine motor skills as they learn more about science through a variety of hands-on science activities. They will also expand their math and science vocabulary and concepts in this fun learning experience. Class size is limited to 8 students.

**Workshop Requirements:** $6 materials fee (cash, exact change) is due to the teacher at the beginning of the first class. Students should wear an apron or “dress for a mess”.

| Mar 16-Apr 6 | 11:30pm-1:00pm |  |
| Sat (3 classes) | Shim 127 | Code: 81112 | Fee: $32 |

(no class on 3/30)

### Fuel Cell Power-Monster Truck

**Ages 12 and up**

Come and unravel the mysteries of clean, renewable energy. In this hands-on workshop, students will explore the basics of fuel cells and solar technology. They will manually assemble a mini monster truck robot kit (fueled by salt water) that they can take home. Class is limited to 10 students.

**Workshop Requirements:** Students should bring a snack and beverage. (Note: Campus Food Service is not available on Saturdays.)

| Mar 16 | 12noon-5pm |  |
| Sat (1 class) | Budd 106 | Code: 98293 | Fee: $58 |

(Fee includes $23 kit, and supplies)

### Life and Earth Science Spring Camp

**Ages 5-7**

In this 16-hour mini-camp, young scientist will learn about the human body and the five senses; the planets in our solar system; plant life; insects, animals and their environment. Learning will take place through hands-on interactive games, craft projects, and storytelling. Class size limited to 10 students.

**Workshop Requirements:** $9 materials fee (cash, exact change) is due to the teacher at the beginning of the first class. Students should bring a snack & beverage, and “dress for a mess”.

| Mar 18-21 | 9am-1pm |  |
| Mon-Thu (4 classes) | Shim 133 | Code: 45973 | Fee: $119 |

### Water Wizard

**Ages 8-12**

Does water have skin? Can it power a wheel? Did you know that water is the universal medium for all biological activity? Come and discover the answers and explore the magic of H₂O. Class size is limited to 10 students.

**Workshop Requirement:** $2 materials fee is due to the teacher at the beginning of the first class.

| Mar 23 | 9am-12noon |  |
| Sat (1 class) | Shim 122 | Code: 77500 | Fee: $26 |

### Electro-Magnetism

**Ages 8-12**

What does a wrecking yard, a rock concert, and your front door have in common? They each use electromagnets, devices that create a magnetic field through the application of electricity. Electromagnetism is the interaction responsible for practically all the phenomena encountered in daily life (with the exception of gravity). Students will learn about the mysteries of electricity and magnetism.
through hands-on activities. Class size is limited to 10 students.

**Workshop Requirements:** Students must bring a sack lunch and beverage. (Note: Campus Food Service is not available on Saturdays.)

**Animal Investigators**
Ages 8-11
Come and investigate the world of animals! Through close encounters and inspection of bio-facts and animals, students will learn about the animal kingdom. Then, they will take their skills to Micke Grove Zoo to solve an animal mystery.

*Note:* This workshop meets two days at Delta College and one day at Micke Grove Zoo. Only the registered student and accompanying adult can attend the 10:00 a.m.-12 noon class on April 13 at the zoo. Registration fee includes a parking pass and zoo admission for the registered student and one adult. **(Valid Only on 4/13)**

**SPORTS & FITNESS**

**Beginning Judo: “Common Sensei”**
Ages 7-11
In this workshop, students will learn techniques, history, and etiquette of Kodokan Judo. It will cover the techniques of throwing, hold-downs, and escapes, as students gain physical and mental strength, as well as self-confidence and respect. Class is limited to 10 students.

**Workshop Requirement:** Students should wear loose, comfortable clothing.

**Beginning Tennis**
Ages 8-14
While learning an active, new hobby, students will have fun through teamwork and competition, as well as making new friends. This workshop will cover the basic techniques of hitting ground strokes (forehand and backhand), volley, serve, scoring, and playing the game of tennis. Drills will be orchestrated to help the students control the placement of the ball. Class size is limited to 8 students.

**Workshop Requirements:** Students must bring a tennis racquet, water, and head covering.

**CSI Chemistry**
Ages 9-12
Back by popular demand Mrs. Snodgrass prize winning pet has been “dog napped! Students will become forensic lab assistants and use chemistry to solve the crime. In this hands-on workshop, students will learn the chemical principles behind investigative techniques and apply them to other problems. Chemical concepts, such as molecular polarity, solubility, and chromatography will be introduced.

**Workshop Requirements:** $2 material fee (cash, exact change) is due to the teacher at the beginning of the first class. Students must bring a notebook and pencil to class, and must wear closed-toed, closed-heeled shoes.

**Movie Making**
Ages 5-10
In this workshop, students will have an opportunity to operate a video-recorder, produce, and edit a mini movie. They will learn techniques and functions of a digital video-recorder camera. A short feature film will be presented to the parents at 11:00 a.m. on March 23 that will highlight what the students have learned in the workshop. Class size is limited to 10 persons.

**Mystery of Magic**
Ages 8-12
This beginning workshop will cover classic as well as modern card magic, some sleight of hand, and magic tricks with everyday objects. Students will participate in hands-on lessons, 1-on-1 training with the assistance of some visual aids (videos, pictures, and props). Class size is limited to 8 students.

**Workshop Requirement:** $3 materials fee (cash, exact change) is due to the teacher at the beginning of the first class.
