Job description: This is an entry level position intended for students who are building their resumes. However, the applicant should be a High School graduate and current SJDC student with interest in the Horticulture Industry. Students will work in the greenhouse, nursery, garden, and mini farm. Some gardening or plant experience is welcomed, but not necessary. It is important that the candidate be willing to learn and follow instructions and safety procedures, able to take direction, communicate effectively, and enjoy working outdoors. Some support accommodations can be made, but the position requires interns to perform physical activities such as lifting, bending, stooping, as well as have the ability to learn to use power tools and equipment.

Minimum qualifications: 2. Minimum Qualifications: SJDC student eligible to participate in the federal work study program and willing to work at the Stockton Horticulture Center.

Additional comments: Candidate must be Federal Work-Study eligible.
