PROFESSOR'S STATEMENT

Students may propose completion of any of the following as part of their honors contract: presentation, creative work such as a film or art project, service/community based learning project, a traditional research paper, a case study or series of case studies, a specialized lab experiment, a musical composition, a literary composition, an original software or hardware creation, an empirical research study or fieldwork, or an extensive gathering and analysis of statistical data.

Please provide a description of the proposed activity:

WORK PLAN

An honors contract will typically require the student to complete at least 25 hours of extra work during the semester that may be more relevant to the student's background or interests and that is related to the course but that is more advanced, requires higher standards and enhancement of critical thinking and analysis, involves greater depth and/or breadth, and facilitates more student class participation.

Please describe how this proposed activity exceeds the normal expectations of the course:

HONORS CONTRACT GRADING AND CREDIT

The Honors Contract is graded on a “Pass/No Pass” basis and will not affect the student’s grade in the course; however, honors credit will only be awarded if the course is successfully passed. Honors contracts successfully completed will be noted on students’ official transcripts.

Have you discussed the above information with the student? Yes No

INSTRUCTIONS FOR SUBMITTING

Please email this completed Honors Option Contract and the primary non-honors syllabus to Kristi Capra, Equity-Minded Honors Program Coordinator at: kristi.capra@deltacollege.edu

Documents will be reviewed upon receipt and if approved, will be sent to professor and student for signature to indicate acceptance of—and commitment to—this addendum to the syllabus, including the proposed work plan.

If you have any questions, please email Kristi Capra at: kristi.capra@deltacollege.edu
